## Appliance Troubleshooting I

(12wks)

Students learn how to operate and maintain appliances at home and in the field. They'll be introduced to old and new models of washers, dryers, ranges and refrigerators. Students will see the inner workings of many different units and learn how to repair them. Learn how Energy Star appliances are designed to save you money and energy. **Prerequisites: None**

**Wednesday - August 28 to November 13**

**8am-11am or 4pm-7pm**

**Location: Appliance Depot  
4728 Hohman Ave.,  
Hammond IN**

**Instructor: Roland Alvarez**

## Auto Collision and Refinishing

(10wks)

Get hands-on body work and painting experience in this 10-week class. You will have opportunity to learn modern vehicle painting and repair techniques. In most cases, you will be able to work on your personal vehicle (with the instructor's permission). **Prerequisites: None**

**Monday - September 9 to November 18**

**4pm-7pm - No class November 4**

**Location: Area Career Center  
5727 Sohl Ave., Hammond IN**

**Instructor: Samatha McCauley**

## Auto Mechanics

(10wks)

Get practical, hands-on repair and troubleshooting experience in this 10-week class. Turn troubleshooting theory into practice on modern vehicles. Additionally you will have opportunity to earn Snap-On Meter Certification. Another plus is that you can work on your personal vehicle (with the instructor's permission). **Prerequisites: None**

**Mondays - September 9 to November 18**

**4pm-7pm - No class November 4**

**Location: Area Career Center  
5727 Sohl Ave., Hammond IN**

**Instructor: Bruce Crossett**

## Basic Electronics

(4wks)

This is the best and easiest way to learn electronics. A completely hands-on class where you will learn to design, build and test your very own basic electronics circuits. Learn to ohms law, resistance and capacitance, digital logic, solder, how to use a meter and test circuits in just a few easy and fun classes. Your instructor has multiple US Patents in circuit design and can easily teach you. **Prerequisites: None**

**Thursdays - September 12 to October 3**

**8:30am-11am or 3pm-5:30pm**

**Location: JobLink  
Instructor: Bill Needles**

## Basic Plumbing

(6wks)

Would you like to avoid the high cost of simple home plumbing repairs? Learn to fix toilets and faucets as well as install water heaters. The basics in this class include how to: dismantle and install faucets, install O rings and washers, solder copper water lines as well as how to solder fittings and glue PVC to ensure a closed system. **Prerequisites: None**

**Wednesdays - October 16 to November 20**

**8am-11am or 3:30pm-6:30pm**

**Location: JobLink  
Instructor: Bill Cameon**

## ◆ Lawn Equipment Maintenance and Repair

(12wks)

As summer ends and cooler weather approaches, how will you prepare your lawn equipment so it will work properly next spring? Repair shops charge \$60 to \$75 an hour for tuning up, repairing or prepping equipment for storage. Why not learn to do these things yourself and save? Bring your equipment into class for hands-on training. **NOTE: Students may attend once a week - EITHER on Monday OR Thursday. Prerequisites: None**

**Mondays OR Thursdays - September 16 to December 12**

**8am-11am or 3pm-6pm**

**No class November 25 & 28**

**Location: Joblink (Mondays)  
Location: Leon Lynch (Thursdays)  
Instructor: Mike Daly**

# technical

## L&O: MTE Prep

(14wks)

This 14-week course will introduce students to topics related to industrial electrical maintenance and troubleshooting: AC/DC circuits and motors, print reading, analog and digital circuits, test equipment, computers, DC crane control, power distribution, PLCs, power supplies, transformers, instrumentation and hydraulics. This course is for people who want to take the Ramsay test or get a better understanding of electrical principles.

**Prerequisites: None**

**Thursdays - September 5 to December 12**

**No class November 28**

**9am-12pm or 3:30pm-6:30pm**

**Location: JobLink**

**Instructor: Michael Vega**

## L&O: MTM Prep

(14wks)

This 14-week course will briefly touch on procedures such as welding, machinery, tools, hydraulics, pumps, (both hydraulic and pneumatic), piping, print reading, and more. This introductory course is for anyone who wants to improve their Ramsay score. **Prerequisites: None**

**Tuesdays - September 10 to December 10**

**9am-12pm or 3:15pm-6:15pm**

**Location: Leon Lynch**

**Instructor: Nick Nash**

## Residential Wiring II

(8wks)

This class will continue on with the practices of Residential Wiring I building on your knowledge base with lecture and connecting it with hands-on practice. We will also include how to make our homes more energy efficient and some smart home items. The class will have lab work where we will work on installing occupancy sensors, lighting outlets, bending conduit and working with NM cable also known as Romex. **Prerequisites: None**

**Mondays - October 14 to December 2**

**8am-11am or 3:30pm-6:30pm**

**Location: JobLink**

**Instructor: Bill Cameon**

## ◆ String Instrument Repair Lab

(3wks)

Keeping one's guitar, bass, or other string instrument in top playing condition is important to any musician. In this course you will learn the basics of guitar/string instrument maintenance and set-up including neck, fingerboard and fret adjustment, balancing string intonation, setting proper string action, and repair of cracks and surface refinishing. Bring in your own instruments for a tune-up. Also, this can be used as open lab time for those who are working to complete their instrument from earlier classes.

**Prerequisites: None**

**Saturdays - November 2 to November 16**

**9am-1pm or 2:30pm-6:30pm**

**Location: JobLink**

**Instructor: Dave Dolak**

## Welding

(10wks)

Learn to weld in this practical, hands-on class. Whether you are brand new to welding or you'd like to improve or expand your skills, this class is for you. You can work on the kind of welding you need- MIG, TIG, stick and gas welding. Your placement will be based on your individual skill level and experience. **Prerequisites: None**

**Mondays - September 9 to November 18**

**No class November 4**

**4pm-7pm**

**Location: Area Career Center**

**5727 Sohl Ave.,**

**Hammond IN**

**Instructor: Thomas W. Davis**

## Wireless Security Cameras

(3wks)

Wireless security cameras are inexpensive and easy to install and configure. There is no reason to pay a service provider \$30 or more per month to rent you security cameras. Attend this hands on class and learn to select and setup your own cameras quickly. We will show you how to use your smartphone or tablet to monitor your cameras too! **Prerequisites: None**

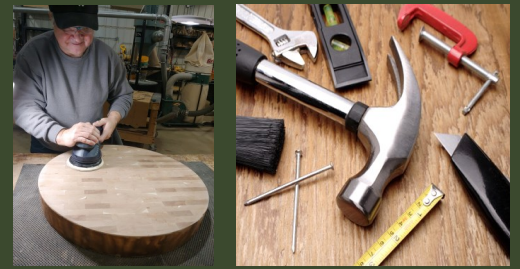

**Thursdays - October 10 to October 24**

**8:30am-11:30am or 3pm-6pm**

**Location: JobLink**

**Instructor: Bill Needles**

# technical

## Woodworking

### ◆ DIY Woodshop Projects (6wks)

In this course you will learn basic skills needed to complete useful items for use around the home. You can select a project or projects you would like to make, for example, ball jar lighting, pallet signs or furniture, coat racks or shelves, even floating shelves. You could also use this time to finish other projects that you've started. If you are a more accomplished woodworker, so much the better! **Prerequisites: None**

**Thursdays - September 5 to October 10  
AND October 17 to November 21  
9am-12pm or 3pm-6pm  
Location: JobLink  
Instructor: Nick Nash**

### ◆ Open Lab (15wks)

Open Lab is a chance to finish a project from a previous class, or to use Joblink's woodshop for a project not listed in the catalog. Our woodshop is state of the art. We have every tool you will need, with dust collection throughout. This is a great environment to create your masterpiece! **Prerequisites: None**

**Wednesdays - August 21 to November 27  
9am-12pm or 3pm-6pm  
Location: JobLink  
Instructor: Dale Meiners**

### ◆ Repair and Refinish Outdoor Furniture (7wks)

In this class, we will be refinishing your outdoor furniture so it lasts many more seasons. Give new life to your patio furniture, and learn how to refinish your deck less often! Preparations include using paint removers and sanding to achieve a strong mechanical bond to the wood; staining, for the look of your choice, then applying coatings that are strong, UV resistant, and weather resistant. Bring in a couple of your own pieces to repair and refinish! **Prerequisites: None**

**Mondays - September 9 to October 21  
9am-12pm or 3pm-6pm  
Location: Joblink  
Instructor: Dale Meiners**

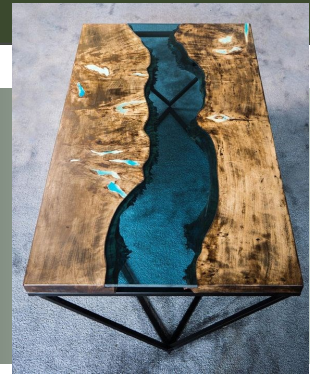

**NEW!**

### ◆ River Tables (15wks)

Build a beautiful river table! (See the picture) We will be working with live edge wood, (bark included) building frames to hold your table, so you can pour layers of epoxy resin to create the river effect. We have a large assortment of tints, from aqua to copper, with metal flake...endless choices. Then you send your table through our 36" drum sander so it is perfectly flat. Once you finish it, get ready for the compliments! **Prerequisites: None**

**Tuesdays - August 20 to December 10  
No Class: September 2 December 2  
9am-12pm or 3pm-6pm  
Location: JobLink  
Instructor: Dale Meiners**

# skill building

## ◆ Applying for FAFSA (1wk)

If you have a child in college or planning to go next year, you need to fill in a FAFSA application. This can be a confusing process, so register for this class to have a professional guide you through it. Plus get it done in October to give your student an advantage in securing financial aid. Save yourself time and headaches! **Prerequisites: Bring in your FAFSA ID**

**Monday - October 7**  
**10am-12pm or 3:30pm-5:30pm**  
**Location: JobLink**  
**Instructor: Tavetta Patterson**

**NEW!**

## ◆ Show Me the Money: College Scholarships (2wks)

This course guides participants in the process of finding scholarships to pay for college. Learn from a professional who has helped children and their parents secure scholarships since 1998. Participants will be guided step by step through the process of completing scholarship applications and scholarship interviews. **Prerequisites: None**

**Mondays - September 23 to September 30**  
**10am-12pm or 3:30pm-5:30pm**  
**Location: JobLink**  
**Instructor: Tavetta Patterson**

## ◆ Grant Writing (2wks)

Grant writing can help people access funds to make dreams for the community come true. This course gives participants the opportunity to complete a final draft of a grant application. Participants will learn how to identify grant categories and where to find grants. The course includes step-by-step guidance to simplify reading grant applications and writing to secure grants. The course also includes preparing for the grant interview process. Get the funding you need! **Prerequisites: None**

**Wednesdays and Thursdays - Nov 6 to Nov 14**  
**10am-12pm or 3:30pm-5:30pm**  
**Location: JobLink**  
**Instructor: Tavetta Patterson**

## ◆ Veteran's Benefits (1wk)

Are you a veteran? Are you clear about your benefits? In this workshop, given by a Veterans Outreach Program Specialist, you will learn the what and the how of your benefits. Learn the VA terminology when dealing with a claim and how to prepare to submit one. You will learn about what forms and documents you will need to support your claims. A part of the workshop will be a Q and A, so come prepared with your questions. Your spouse is encouraged to attend, too! **Prerequisites: None**

**Wednesday - October 16**  
**10am-11:30am or 3:30pm-5pm**  
**Location: JobLink**  
**Instructor: Kevin Houcek**

## ◆ JobLink Book Club (1wk)

Join us for an enriching experience - read and discuss high interest books. This is not just for avid readers, but also for those who just need a little push to read a book. Our discussions are always lively, fun and informative! **Prerequisites: None**

**Thursday - August 22**  
**3:30pm-5pm**  
**Location: JobLink**  
**Instructor: Marcia L. Taylor**

***To help you reach your learning goals.***

# business

## Accumulating Wealth & Generating Income

(3wks)

Here's a sampling of what you learn in this class:

- Fully understand the investment options in your 401K brokerage link
- Be able to identify which corporations have increased dividends for the last 25 years
- How Master Limited Partnerships work. These are terrific income generators making as much as 12% dividends!
- What days of the month outperform the market with our DOME method
- Understand automotive stocks seasonal pattern and how to identify price targets

Plus, you will learn about wise retirement choices, how to maximize your Social Security, when and how to withdraw from your nest egg and options and tax treatments available to your heirs. Make your money work for you! Spouses are encouraged to attend. **Prerequisites: None**

**Wednesdays and Thursdays - September 11 to September 26**

**11:30am - 2:30pm or 3:30pm-6:30pm**

**Location: JobLink**

**Instructor: Trish Nelson**

**NEW!**

## ◆ Business Forum

(1wk)

The purpose of the small business forum and review sessions are to address members' general small business questions without committing to a class. The session will help determine where you are in the business planning process and assist you in getting focused on your business plan. These sessions will also assist anyone who is considering starting a small business. This is a FREE CLASS !! **Prerequisites: None**

**Monday - September 30**

**Wednesdays - Oct 16, Nov 6, Dec 11**

**8am-10:30am or 4pm-6:30pm**

**Location: Leon Lynch**

**Instructor: Scott Williams**

**NEW!**

## L&O: Business Planning I: Introduction to Developing a Business Plan

(8wks)

This introductory course in developing a business plan requires no previous knowledge of the business planning process. This course will provide you with the ability to learn what is involved in developing a plan for a successful small business. You will learn about an operational plan, a management plan, a personnel plan, and finally a marketing and financial plan. Spouses may attend at no charge. Planning is the key to any business venture!

**Prerequisites: None**

**Thursdays - October 24 to December 19**

**No class November 28**

**8am-10am or 4pm-6pm or 6pm-8pm**

**Location: Leon Lynch**

**Instructor: Scott Williams**

## Create Your Own Will

(1wk)

Do you have a will? Have you been putting it off because you don't want to hire an attorney and you really don't want to think about it? Well, now is the time because it is so easy. Come to this class and learn the different packages available to use and begin creating yours today! Don't let the court decide the outcome of your estate! Don't delay the distribution of your assets to your loved ones! Take just a few minutes to write your Last Will and Testament today (CEI is not offering any legal advice in this class, we are showing you how to use pre-designed software to create a will.) **Prerequisites: None**

**Monday - October 21**

**10am-12:30pm or 3pm-5:30pm**

**Location: JobLink**

**Instructor: Maureen Horrell from CEI**

**REGISTRATION  
BEGINS**

**MONDAY  
JULY  
15**

# business

## L&O: How to Start and Run a Small Business

(8wks)

Planning before starting is an important step toward operating a successful business. Many students have said to me that they wish they would have taken this course before starting a business. This introductory course teaches the basics of starting any type of small business. The course will focus on licenses/permits, taxation, deductible expenses, insurance, record keeping and legal issues. After you have taken this course, you will clearly understand what is required in starting a small business, Spouses are welcomed to attend at no charge.

**Prerequisites: None**

**Thursdays - September 12 to October 17**

**8am-10am or 4pm-6pm or 6pm-8pm**

**Location: Leon Lynch**

**Instructor: Scott Williams**

## ◆ Social Security: Know Your Benefits (1wk)

Get a crash course in Social Security 101. Learn about retirement, disability, Medicare benefits and more. Find out the easiest way to get a replacement Social Security or Medicare card. It is never too early to know about your Social Security benefits. If you really want to get the most out of this learning experience, create a Social Security account at ssa.gov and bring your questions about our programs with you to the meeting. This is a great class for couples to help plan for the future.

**Prerequisites: None**

**Tuesday - September 10**

**10am-12pm or 3:30pm-5:30pm**

**Location: JobLink**

**Instructor: Daniel Summer**

## ◆ L&O: Taking Stock In Your Life and Finances

(6wks)

In this course students will gain confidence and understanding of the markets and how they may affect their financial growth and retirement. The course will teach students how to remove the media noise and biased opinions from news heard and seen daily. Students will learn to make financial decisions with clearer minds, based on probabilities of success and reduced risk. Students will learn to trade the stock market from very basic concepts to more advanced trading strategies. Students will also learn how to build strong lists of stock and mutual funds. **Prerequisites: Computer available for viewing classes, in the comfort of the student home, if desired. Each student once registered for class by Joblink, shall submit their emails to tomcook1124@gmail.com, in order to be admitted into each live class session.**

**Tuesdays - August 20 to September 24**

**10am-12pm or 4pm-6pm**

**Location: JobLink**

**Instructor: William Thomas Cook II**

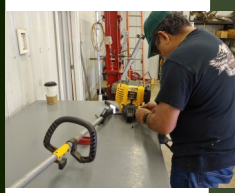

### Policy: Dropping a Class

Students requesting to withdraw from a class, must notify their career development center at least two business days prior to the start of class. Notifications can be done by email or by phone, but phone messages are not accepted. Your account will be charged for the cost of the class, if notification isn't received at least two business days in advance.

use  
your benefit

*Learn new skills!*

***Make something cool***

***Be creative***

***Get a degree, license  
or certificate!***

Your benefit includes \$2,000 for customized classes (those in the catalog) + \$2,500 for tuition assistance.

# personal development

## □ Bushel Full of Fall (1wk)

Cooler temperatures and shorter light days change the fall landscape. We will learn about these plants and Lee Ann will lead you step by step in putting together a fall garden in a bushel basket to enjoy during this colorful time of year. **Prerequisites: None**

**Wednesday - September 25**  
**9:30am-11am or 3:15pm-4:45pm**  
**Location: Joblink**  
**Instructor: Lee Ann Bultema**

## Grilling for Oktoberfest II (1wk)

A hands-on ethnic/regional outdoor cooking class to learn how to cook a delicious Oktoberfest meal around the grill. Learn how to use a swinging grill for some delicious pork steaks (Schwenkbraten) from Saarland, a region in Germany next to France and Luxembourg. Start a wood fire in the brick BBQ and grill juicy brats and other Bavarian, Saxony, Swiss, and Austrian smoked sausages and serve them over freshly braised sauerkraut and red cabbage. Spouses are welcome to join you. Ein Prosit!**Prerequisites: None**

**Tuesday - October 1**  
**4pm-6:30pm**  
**Location: JobLink**  
**Instructor: Razvan Bancos**

## FAA Private Pilot Ground School (8wks)

The Private Pilot Ground School meets the requirement of the FAA to have 25 hrs. of ground training to be able to get a Private Pilot License. The class will prepare the student to take the FAA Written Knowledge Test which is also an FAA requirement. The Written test can be taken at Eagle Aircraft when the class is completed and the instructor signs the student off to take it. This course requires dedicated home study as well as classroom attendance. **Prerequisites: None**

**Mondays and Wednesdays - September 30 to Nov 18**  
**No class October 14**  
**6pm-8:30pm**  
**Location: Eagle Aircraft**  
**Instructor: Jacob Hirjak**

## Fall Fun on the Farm (1wk)

Come spend family time at Windmill Acres run by instructors Lee Ann and Bruce Bultema. Run through the corn maze. See and pet animals in the petting zoo, jump in the corn pit take a hayride to the pumpkin patch and ride the pedal cars around the race track, slide down the spider slider. Have a warm or cold apple cider with a doughnut in our gift shop. Get outside with the whole family and enjoy the fall harvest time. You can go either Saturday or Sunday. Check Windmill Acres Facebook page for up-to-date information. Each Steelworker can bring up to two guests. **Prerequisites: None**

**Saturday OR Sunday - October 12 OR October 13**  
**9am-6pm**  
**Location: Windmill Acres**  
**3361 E. Brunswick Rd.**  
**Beecher, IL**  
**Instructor: Lee Ann Bultema**

## □ L&O: Guitar for Everyone (12wks)

Guitar for Everyone is designed to teach beginner, intermediate and advanced guitar students to develop, improve and enjoy their progress as guitar players. Thanks to our Live and Online platform our weekly video will be divided into sections addressing all three levels of guitar playing. Most importantly, we're gonna have fun, learn how to play the instrument, or improve upon the skills we already have. Live or Online, you're gonna love it. Have Fun! Play Guitar! **Prerequisites: Own a guitar and a smile**

**Mondays - August 19 to November 11**  
**No Class: September 2**  
**11am-12pm or 2pm-3pm or 3pm-4pm**  
**Location: JobLink**  
**Instructor: Eric Lambert**

## □ Learn to Play the Piano/Keyboard Level I (10wks)

Learning and playing the piano/keyboard can open up an incredible door of creativity for you, as well as a fulfilling life of music making. Learn from an instructor with over 45 years of playing experience and over 30 years of teaching experience. This class will take someone who is new or with little experience, through a solid foundation of music theory and the basics of piano/keyboard playing. This class will also cover and teach you the basic chords along with chord progressions. This class can serve as the beginning of your musical journey. **Prerequisites: None**

**Thursdays - August 22 to October 24**  
**11:15am-12:30pm or 4:45pm-6pm (first 5 weeks)**  
**11:15am-1:15pm or 4:45pm-6:45pm (last 5 weeks)**  
**Location: Leon Lynch**  
**Instructor: Frances Zahariadis**

## □ Learn to Play the Piano/Keyboard Level 3 (10wks)

This class is a continuation of Learning to Play the Piano/Keyboard -Level 2. Students will continue to learn more music theory and advanced techniques. Students will be assigned music every week to practice and play in class for the instructor. Lab time will be incorporated in this class. **Prerequisites: Learn to Play the Piano/Keyboard Level 2 or equivalent knowledge**

**Thursdays - August 22 to October 24**  
**10am-11:15am or 3:30pm-4:45pm**  
**Location: Leon Lynch**  
**Instructor: George Zahariadis**

## □ Paint a Sign! (1wk)

If you've always wanted to make your own beautiful or fun wood sign but you're not sure how to start, then we have the answer! All materials and instruction are supplied. All you have to do is show up and get ready to amaze yourself with your newfound artistic abilities! You must register by Oct. 8th at the latest, so that you are able to choose your project before the class starts. **Prerequisites: None**

**Tuesday - October 15**  
**5pm-8:30pm**  
**Location: Cozy Barn Signs Schererville 104 East Joliet Street Schererville, Indiana 46375**  
**Instructor: Michelle Cowan**

## □ Barron's Martial Arts (16wks)

Better your body and mind while learning to defend yourself. This class is structured to benefit people willing to work hard, yet caters to individuals who lack mobility. You will learn techniques from TeAshiDo, Shorin Ryu, Tae Kwon Do and Jujitsu, all in a relaxed environment.

**Prerequisites: None**

**Mondays AND Saturdays-August 19 to December 14**

**No class September 2**

**Saturday-8:45am-9:45am, Monday-7:45pm-8:45pm**

**Location: Barron's Martial Arts**

**2841 Highway Ave. Highland, IN**

**Instructor: Robert L. Barron**

## ◆□ Core Ball Workout (15wks)

Do you want to challenge yourself, sweat, and feel that your body did something the next day and maybe even the day after that? Yoga core ball workout is the class for you! Get fit, feel strong, improve your balance. Many modifications offered for beginners and anyone with injuries, or joint issues. Spouses and retirees can now join. **Prerequisites: None**

**Thursdays - August 29 to December 12**

**No Class: November 28**

**3:30pm-4:30pm**

**Location: JobLink**

**Instructor: David Potesta**

## **Restricted Personal Development Classes**

Each participant may not spend more than \$1,250 per year on restricted personal development classes. These classes are designated with this symbol □. Classes in the category of music, arts and craft cannot be repeated during the same calendar year. This also applies to martial arts and golf classes.

## □ Fitness Solutions at Work: Session I (12wks)

This three-month program consists of 12-nutrition/exercise sessions held at Franciscan Health Fitness Centers Schererville. Each week, participants will meet for two hours, the first hour to discuss different topics of nutrition, and the second hour to exercise while learning different elements of physical activity. Participants also have unlimited access to our Small Group Training Sessions offered weekly, as well as full access to both fitness centers (Chesterton and Schererville) throughout the 12 weeks, when you attend class. Go to [FranciscanHealthFitnessCenters.org](http://FranciscanHealthFitnessCenters.org) for more info about us! **Prerequisites: Fitness Assessment**

**Mondays - August 26 to November 18**

**No Class: September 2**

**9am-11am or 4pm-6pm**

**Location: Franciscan Health Fitness Centers Schererville**

**Instructor: Deb Battreall**

## □ Fitness Solutions at Work: Session II (12wks)

This three-month program consists of 12 NEW Nutrition/Fitness training sessions held at Franciscan Health Fitness Centers Schererville. Each week, participants will continue to meet with an Instructor to discuss different topics of nutrition and exercise. Participants will also have access to unlimited Small Group Training (SGT). Check our website at [FranciscanHealthFitnessCenters.org](http://FranciscanHealthFitnessCenters.org) for a full list of group exercise classes offered and schedules. **Prerequisites: Fitness Solutions at Work Session 1 and a Fitness Assessment**

**Wednesdays - August 28 to November 13**

**9am-11am or 4pm-6pm**

**Location: Franciscan Health Fitness Centers**

**221 US Highway 41**

**Schererville, IN**

**Instructor: Deb Battreall**

# fitness

## □ Full Spectrum Wellness

(6wks)

Full Spectrum Wellness is a comprehensive program designed to educate participants on the importance of nutrition and exercise. Attendees will learn the role of health, physical activity, and wellness in their daily lives. Topics will include personal assessment of goals, identifying changes in one's daily routine, nutrition and meal planning, and improving one's personal fitness and wellness. Included in this class is access to the Full Spectrum Gym for one year. **Prerequisites: None**

**Thursdays - August 22 to September 26**

**8am-9:30am or 7pm-8:30pm**

**Location: Full Spectrum Fitness  
1516 North Main St  
Crown Point, IN**

**Instructor: John Brant**

## Improve Your Health with Lifestyle Intervention

(12wks)

Join others who have been transformed by losing weight, resolved health symptoms, reduced the strength or need for prescription medications, and stopped sugar/carb cravings. This unique program, which is not available anywhere else in the country, gives you the tools to finally restore your health. Based on the state-of-the-art functional medicine model used at Cleveland Clinic, this 12-week holistic program gets to root cause of chronic disease and begins to reverse disease rather than manage it. This class meets every other week at JobLink. Three weeks in between are for online work.

**Prerequisites: None**

**Wednesdays - September 18 to December 4**

**10:30am-11:30am or 3:30pm-4:30pm**

**Location: JobLink  
Instructor: Pamela Johnson**

## □ Line Dancing & Chicago Steppin'

(10wks)

Chicago Style Stepping, (also known as Steppin') is an urban dance that originated in Chicago and continues to evolve while defining its unique style and culture within the context of mainstream dances similar to urban ballroom. This course will introduce an eight-count Steppin' design for all ages. Line Dancing is a form of dance that takes place where participants line up in rows and execute steps at the same time. This 10-week course is for beginners and intermediate searching for exercise and a fun-filled social dance experience. No dance partner is required for this class. **Prerequisites: None**

**Mondays - August 19 to October 28**

**No Class: September 2**

**9am-11am or 3:30pm-5:30pm**

**Location: JobLink  
Instructor: Antonio Stidman**

### ◆ Yoga Basics

(15wks)

Make the choice to unwind from a long shift and move forward leaving your work day behind. Experience how you feel throughout your week by adding just one hour of peace and relaxation. Your body will thank you when you notice the relief of back and joint pain, muscle strain and tightness, and an overall improvement of fatigue both physically and emotionally. **BEGINNERS WELCOME. Prerequisites: None**

**Wednesdays - August 28 to December 11**

**No Class: November 27**

**10am-11am or 3:30pm-4:30pm**

**Location: JobLink**

**Instructor: David Potesta**

### ◆ Yoga Gentle Seated

(15wks)

Learn yoga poses in a whole new way. Kinder and gentler modifications for those aching knees, sore backs, and stiff muscles. This is a great class for beginners and also for anyone who is not comfortable getting up and down off the floor like in a traditional yoga class. Breathe, relax, and most importantly have FUN! **Prerequisites: None**

**Fridays - August 30 to December 13**

**No Class: November 29**

**10am-11am or 3:30pm-4:30pm**

**Location: JobLink**

**Instructor: David Potesta**

### **Inclement Weather Policy: JobLink**

When the weather gets so bad that you wonder whether we will close or not, it's easy to find that out. A closure message will be posted by 7:45am.

- Call our office at (219) 399-8136/8135
- Listen to WJOB 1230 AM
- Visit our Facebook page, Facebook.com/BKJobLink

For everyone's safety, we recommend you call us first before venturing out in bad weather.

# joblink technology

## ◆ 3D Printing is a Snap

(4wks)

Making your own 3D printed objects is easy. We will teach you exactly how to model a 3D object using free Internet based CAD tools, with no prior experience necessary. Additionally, you'll learn how to convert a sketch into a 3D model. Then you can take your design and create your custom 3D object on one of our 3D printers in the classroom, for free! Come participate in the future.

**Prerequisites: None**

**Wednesdays - October 30 to November 20**

**9am-1pm or 3pm-7pm**

**Location: JobLink**

**Instructor: Bill Needles**

## ◆ All About Laptops

(5wks)

Learn to diagnose, troubleshoot, repair and upgrade laptops. These special computers require different techniques than desktop computers to be successfully repaired. You will fix broken screens, bad drives, dead batteries, etc. We can help you upgrade to Windows 10, too. Also covered will be the techniques used by manufacturers to design and construct a modern laptop. 100% hands-on lab work! Students do not need a laptop to take this course. A great class for anyone who owns a laptop or is in the market for a new one.

**Prerequisites: None**

**Thursdays - November 7 to December 12**

**No class November 28**

**9am-1pm or 3pm-7pm**

**Location: JobLink**

**Instructor: Bill Needles**

## ◆ Build Your Own Computer

(5wks)

Hand building a computer helps teach the fundamentals of how a computer works. And because you built it, you will be better prepared to maintain your new computer. You will work with your instructor to select each component based on your specifications of performance, capacity and budget. You can build a system for media editing, music, gaming, home theater, Internet surfing or whatever! Build the system of your dreams. Just ask one of the 250+ steelworkers who have already built theirs. Why not build yours this time? (Students will receive a \$50 allowance towards parts purchases.) **Prerequisites: None**

**Mondays - October 14 to November 11**

**9am-1pm or 3:15pm-7:15pm**

**Location: JobLink**

**Instructor: Bill Needles**

## ◆ Fix It!

(5wks)

Save money and solve problems! Discover the steps needed to diagnose any electronics problem and then make the repairs yourself. Bring your computer, cell phone, TV or other gadgets to class and learn the art of troubleshooting and repairing devices. We will talk in plain language about hardware, software, bugs, viruses, updates and other issues that can drive most users nutty. And we'll take care of common problems such as broken screens. We've got it covered. Take this class instead of spending too much at a repair shop! **Prerequisites: None**

**Mondays - September 9 to October 7**

**9am-1pm or 3:15pm-7:15pm**

**Location: JobLink**

**Instructor: Bill Needles**

## ◆ Home Automation - Hands On

(4wks)

Alexa, nest, ring security doorbells and Google Home are just some of the biggest names out there in personal assistants and home automation devices. We will examine the pros and the cons of these products, so you can feel confident about purchasing and using them and we will have samples of all the major brands for you to try out in class. Also covered will be Internet programmable thermostats like ecobee and nest. **Prerequisites: None**

**Mondays - November 18 to December 9**

**9am-12pm or 3:15pm-6:15pm**

**Location: JobLink**

**Instructor: Bill Needles**

# joblink technology

## ◆ Laser Engraving

(5wks)

Bring your wood, plastic, leather and glass items to this class and learn to laser engrave them with your own custom design, logo or text. Tools, jewelry items, keepsakes and more are all candidates to be laser marked or engraved. What a fun way to learn about laser engraving and benefit from it all at the same time. JobLink has the equipment for you to learn on and use. Visit [bkjoblink.org/laser](http://bkjoblink.org/laser) to see samples. **Prerequisites: None**

**Tuesdays - September 10 to October 8**

**9am-12pm or 3:15pm-6:15pm**

**Location: JobLink**

**Instructor: Bill Needles**

## ◆ Movie Converting and Editing

(7wks)

You can now use free software and inexpensive hardware to convert your old film-based 8mm, 16mm and VHS tapes to portable digital formats and create all new personal movies for safekeeping and sharing. Magnetic tapes only last a few years and the clock is ticking. You will convert your existing movies and learn how to use FREE software to edit and create stunning new movies of your family collections. It is really simple to do and plenty of fun. Protect and share your memories by converting those old movies today. **Prerequisites: None**

**Wednesdays - September 11 to October 23**

**9am-12pm or 3pm-6pm**

**Location: JobLink**

**Instructor: Bill Needles**

## Robots for Beginners

(5wks)

WOW! Join us and build your own remote controlled robot in a few easy steps. Everyone can do this. The workings of most robots are really simple. We will learn about the controls and techniques needed and then build an obstacle avoiding wheeled robot in class.

**Prerequisites: None**

**Tuesdays - November 5 to December 3**

**9am-12pm or 3pm-6pm**

**Location: JobLink**

**Instructor: Bill Needles**

## ◆ Using Cloud Storage

(3wks)

Cloud storage allows users to store their data (pictures, documents, movies, etc.) on Internet based servers and retrieve it anywhere there is an Internet connection. Cloud services are cheap and reliable! We will cover the big providers: Google Drive, Microsoft OneDrive, Dropbox and Apple iCloud. Bring your mobile devices, laptops or esktops to class and get expert setup assistance, too.

**Prerequisites: None**

**Tuesdays - October 15 to October 29**

**9am-12pm or 3pm-6pm**

**Location: JobLink**

**Instructor: Bill Needles**

## ◆ Look for the Diamond ◆

If space is available, any class with a diamond (◆) next to the title is a class open to **spouses of active Local 1010 and 1011 and retired Local 1010 and 1011 steelworkers**. Classes without a diamond next to them, are for **active steelworkers only**.

# leon lynch technology

## Amazon Fire Stick with Kodi

(3wks)

Fire TV Stick connects your HDTV to a world of online entertainment. You get a huge selection of movies and TV episodes, and voice search capabilities. In this class, we will learn how to install the KODI app on the Fire Stick to gain access to thousands more streaming selections. The student cost for class is \$30. *This must be paid by the student at the first class, if you wish to have a Fire Stick to take home with you - no exceptions. Amazon Fire Sticks will be provided in classroom for those who do not wish to purchase a system.* **Prerequisites: None**

**Wednesdays - September 11 to September 25**

**8am-10:30am or 7pm-9:30pm**

**Location: Leon Lynch**

**Instructor: George Zahariadis**

## Cut the Cable! Build A Digital TV Antenna!

(1wk)

Cable bills busting the budget? You may be missing out on free TV. Using scrap wire with stock lumber, build a slick homemade antenna and stay tuned. We have been able to catch over 30 channels with an antenna you can build in class. Come and build your own digital TV antenna and see what you are able to watch on TV for free. **Prerequisites: None**

**Wednesday - August 28**

**8:30am-10:30am or 7pm-9pm**

**Location: Leon Lynch**

**Instructor: George Zahariadis**

## Microsoft Excel 2016 Introduction

(4wks)

This class introduces the skills necessary for productive development of workbooks. It includes tasks to explore Excel, create formulas, copy and move data, and print worksheets. The student will also learn how to work with ranges and use the Office assistant, basic workbook skills, and page setup. It includes tasks to format numbers, text, and cells. This class covers basic skills needed to prepare worksheets for publication. **Prerequisites: None**

**Tuesdays - October 29 to November 19**

**8am-10:30am or 7pm-9:30pm**

**Location: Leon Lynch**

**Instructor: George Zahariadis**

## ◆ L&O: Office 365 in a Day

(1wk)

Microsoft Office 365 combined with OneDrive is a great value for most. In just one class we can get you up and running on the industry standard platform for document, spreadsheets, presentations and cloud storage. Works on all computers and mobile devices, too! **Prerequisites: None**

**Wednesday - December 4**

**9am-11:30am or 3pm-5:30pm**

**Location: Leon Lynch**

**Instructor: Bill Needles**

## Raspberry Pi with Raspbian and KODI

(3wks)

This class will cover the latest Raspberry Pi Model . The Raspberry Pi is a low cost, credit-card sized computer that plugs into a computer monitor or TV and uses a standard keyboard and mouse. It's capable of doing everything you'd expect a desktop computer to do, from browsing the Internet and playing high-definition video, to making spreadsheets, word-processing, and playing games. This class also covers the LibreElec OS enabling you to run the popular KODI media streaming software and showing you how to stream movies, music, TV, and pictures. **Prerequisites: None**

**Wednesdays - October 9 to October 23**

**8am-10:30am or 7pm-9:30pm**

**Location: Leon Lynch**

**Instructor: George Zahariadis**

## Setup HD Video Recorder and Record TV for Free

(1wk)

You will learn to setup a DVR converter box and record over-the-air antenna stations onto a USB stick. You will be able to record your favorite over-the-air TV shows, Schedule series recordings in advance and view recordings while skipping commercials just like a normal DVR for free. No Internet connection needed-just plug box onto antenna and TV and setup recordings by viewing an over-the-air TV guide and view whenever your ready. Recordings are stored on USB memory stick and allows you to even watch on computer/laptop. You can purchase the DVR converter box for \$20 in class. **Prerequisites: None**

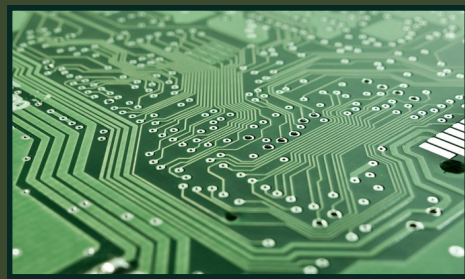

**Wednesday - September 4**

**8am-10:30am or 7pm-9:30pm**

**Location: Leon Lynch**

**Instructor: George Zahariadis**

# leon lynch technology

## Sublimation Printing

(3wks)

Sublimation printing is the method of applying an image and sayings to specially coated hard surface items such as ceramics, metals, fiber board and polyester cloth, using three main ingredients: sublimation ink, heat and pressure. In this class you will learn to use software to prepare your photo for the sublimation process and to use the special equipment required for the sublimation coating process. Come to class and bring your picture and/or phrase and choose an item such as a mug, t-shirt, a frame, box, or keychain and use the equipment to sublimate and take or give as a gift or memento.

**Prerequisites: None**

**Tuesdays - September 10 to September 24**

**8am-10:30am or 7pm-9:30pm**

**Location: Leon Lynch**

**Instructor: George Zahariadis**

## ◆ Technical Open Labs

(1wk)

We have open labs available for you. Bring your computer or laptop to lab so we can help you with repairs or upgrades, back up your data or check your computer/laptop for viruses. If you have any Firestick, Raspberry Pi, Android TV box, alarm system, security camera, cell phone or tablet questions or repairs, if you have questions about a class you have recently taken, or need help on any software, this will be your opportunity to come talk to George, our instructor. **Prerequisites: None**

**Thursdays - Aug 29, Sep 5, Oct 10, Nov 21, Dec 5**

**8am-10:30am or 6:30pm-9pm**

**Location: Leon Lynch**

**Instructor: George Zahariadis**

## ◆ Look for the Diamond ◆

If space is available, any class with a diamond (◆) next to the title is a class open to **spouses of active Local 1010 and 1011 and retired Local 1010 and 1011 steelworkers**. Classes without a diamond next to them, are for **active steelworkers only**.

## Use a VPN Service and Protect Your Internet Privacy

(1wk)

In this class you will learn how to setup a VPN on your devices and to make your IP address disappear, keep your data away from third parties, and get around censorship and regional restrictions. You will be given a one-month trial VPN service to install on multiple devices and learn which service is best for you and where to purchase service from. It's about time you protect your identity and make it impossible for your ISP, government, hackers, or any other third party from seeing what you are searching, streaming or downloading. **Prerequisites: None**

**Wednesday - October 2**

**8am-10:30am or 7pm-9:30pm**

**Location: Leon Lynch**

**Instructor: George Zahariadis**

## Vinyl Cutting

(3wks)

In this class we will learn how to computer-design vector files with graphics, patterns and letters and use a vinyl cutter to directly cut on vinyl. We will be making t-shirts, mugs, signs, banners, advertisements for automobiles and vans, wall and apparel decorations. Come to this class and find out how you can heat press vinyl on apparel, use permanent adhesive vinyl on multiple surfaces, and removable vinyl on walls and other surfaces. This class along with the sublimation class can become a great part-time or full-time advertising business.

**Prerequisites: None**

**Tuesdays - October 1 to October 22**

**No Class: October 8**

**8am-10:30am or 7pm-9:30pm**

**Location: Leon Lynch**

**Instructor: George Zahariadis**

# live and online

Live and Online classes are offered at Leon Lynch Learning Center and at JobLink. Visit our website for more information:  
[careerdevelopmentchannel.org](http://careerdevelopmentchannel.org)

## Business Planning I: Introduction to Developing a Business Plan

(8wks)

This course will provide you with the ability to learn what is involved in developing a plan for a successful small business. You will learn about an operational plan, a management plan, a personnel plan, and finally a marketing and financial plan.

**Thursdays - October 24 to December 19**

**No class 11/28**

**8am-10am or 4pm-6pm or 6pm-8pm**

**Location: Leon Lynch      Instructor: Scott Williams**

## Guitar for Everyone

(12wks)

Guitar for Everyone is designed to teach beginner, intermediate and advanced guitar students to develop, improve and enjoy their progress as guitar players. Our weekly video will be divided into sections addressing all levels of guitar playing.

**Mondays - August 19 to November 11      No class 9/2**

**11am-12pm or 2-3pm or 3-4pm**

**Location: JobLink      Instructor: Eric Lambert**

## How to Start and Run a Small Business

(6wks)

This introductory course teaches the basics of starting any type of small business. The course will focus on licenses/permits, taxation, deductible expenses, insurance, record keeping and legal issues.

**Thursdays - September 12 to October 17**

**8-10am or 4-6 pm or 6pm-8pm**

**Location: Leon Lynch      Instructor: Scott Williams**

## MTE Prep

(14wks)

This 14-week course will introduce students to topics related to industrial electrical maintenance and troubleshooting. AC/DC circuits and motors, print reading, analog and digital circuits, test equipment, computers, DC crane control, power distribution, and more. This course is for people who want to take the Ramsay test, or get a better understanding of MTE principals.

**Thursdays - October 5 to December 12      No Class 11/28**

**9am-12pm or 3:30pm-6:30pm**

**Location: JobLink      Instructor: Michael Vega**

## MTM Prep

(14wks)

This 14-week course will briefly touch on procedures such as welding, machinery, tools, hydraulics, pumps, (both hydraulic and pneumatic), piping, print reading, and more.

**Prerequisites: None**

**Tuesdays - October 10 to December 10**

**9am-12pm or 3:15pm-6:15pm**

**Location: Leon Lynch      Instructor: Nick Nash**

## ◆ Taking Stock in Your Life & Finances

(6wks)

The intention of this course is to introduce new-found confidence and understanding of the markets and how they may affect individuals in their financial growth and retirement. The course will teach students how to remove the media noise and biased opinions from news heard and seen daily. **Prerequisites: None although each student should submit their email address to [tomcook1124@gmail.com](mailto:tomcook1124@gmail.com) in order to be admitted into each live class session.**

**Tuesdays - August 20 to September 24**

**10am-12pm or 4pm-6pm**

**Location: Online/JobLink**

**Instructor: William Thomas Cook II**

## ◆ Office 365 in a Day

(1wk)

Microsoft Office 365 combined with OneDrive is a great value for most. In just one class we can get you up and running on the industry standard platform for document, spreadsheets, presentations and cloud storage. Works on all computers and mobile devices too! **Prerequisites: None**

**Wednesday - December 4**

**9am-11:30am or 3pm-5:30pm**

**Location: Leon Lynch**

**Instructor: Bill Needles**

### ***What are Live and Online classes?***

***They are classes you can attend in person—live!  
But they are also recorded so you can watch them later—online! Go to [careerdevelopmentchannel.org](http://careerdevelopmentchannel.org) to see a sample of classes!***

# OFF SITE

## Burns Harbor

### HVAC (64wks)

Would you like to learn a new trade? The HVAC Industry is the place to do it. With this knowledge you can be a very valuable asset to all of your family, friends, and neighbors. You will have the ability to earn up to seven Nationally recognized certifications. With knowledge and training you can become HVAC Certified Technician. Learn how to install, repair, and service HVAC equipment in the residential and light commercial fields.

**Call your learning center for date and time information.**

### Word Certification (7wks)

Roger Hughes, 399-4699  
**ArcelorMittal Company Representative**

Don Seifert, 937-7784 x141  
**USW Local 1010 Vice President**

Andres Maldonado, 937-7784 x123  
**USW Local 1010 Training Coordinator**

James Thomas, 937-7784 x115  
**USW Local 1010 Contract Coordinator**

#### Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

#### Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

#### Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. \$2,500 in tuition assistance.

#### Issuance 14

Students who have an educational and career goal in mind and need more than \$2,500 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$4,500 yearly.

#### Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if: That retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.
