[TAP 2018 International Residential Building Code](#)

8wks

This course will cover the 2018 International Residential Building Code for safe installation of building material as well as issues for efficient completion of building projects. The topics covered will be addressed with lecture and the use of PowerPoint slides to help illustrate the subject matter. In addition, students will have work outside of class in the workbook which is issued along with the current edition of the code book. Also there will be weekly exercises on code questions that will help participants prepare for exams to become general contractors. Prerequisites: None

**Wednesdays-October 20 to December 8
8am-11am or 3:30pm-6:30pm**

Location: JobLink

Instructor: Bill Cameon

PLEASE NOTE: You CANNOT register for TAP classes over the phone or online. You MUST visit your Career Development Center to register.

[TAP 2020 National Electric Code](#)

8wks

This course will cover the 2020 National Electric code (NFPA 70) edition which covers safe installation of electric issues that will protect persons and properties from hazards arising out of the use of electricity. The material covered will be addressed with lecture and the use of PowerPoint slides to help illustrate subject matter. In addition, there is work to be done outside of class on chapters to be covered in the workbook, which is issued along with the current issue of the code book. There will be weekly exercises on code questions relevant to future endeavors. Prerequisites: None

Instructor brings real experience to the class.

**Mondays-October 18 to December 6
8am-11am or 3:30pm-6:30pm**

Location: JobLink Instructor: Bill Cameon

PLEASE NOTE: You CANNOT register for TAP classes over the phone or online. You MUST visit your Career Development Center to register.

[Appliance Troubleshooting](#)

12 wks

This introductory class will teach students how to operate and maintain their home appliances such as washers, dryers, ranges, microwaves and refrigerators. Expect a hands-on class where students will learn to break down, troubleshoot and repair major appliances. Prerequisites: None

**Wednesdays-August 25 to November 10
8am-11am or 4pm-7pm**

**Location: [Appliance Depot](#)
[4728 Hohman, Hammond, IN 46327](#)**

Instructor: Roland Alvarez

[Automotive Code Reading](#)

4wks

The automotive code reading program has been designed to teach the student the proper procedure to read and understand all their codes that may come up on their vehicle. We will cover all service codes including engine, drivetrain, body and ABS codes. When the code is retrieved, students will learn what that code means and how to properly diagnose the problem. Prerequisites: None

**Wednesdays-August 18 to September 8
9am-12pm or 3:30pm-6:30pm**

Location: JobLink

Instructor: Jim Balina

NEW

◆ [DIY Flooring](#)

6wks

In this FREE class students will learn how to install different types of flooring. Once the students get a basic understanding of the different types of floor coverings, we will install a floor in the utility room at Joblink. Get real-life practice, so you feel confident to remodel at home. Prerequisites: None

**Mondays-October 25 to November 29
No Class: November 25**

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Nick Nash

FREE

As a home owner I have saved myself a lot of money by taking Home Repairs and DIY classes.

technical

◆ [Electric Vehicle Station Installation](#)

3wks

In this class, you'll learn how to install a charging station for electric vehicles (EV). Once you take this class, you'll be able to install one at home. You'll learn how to size the conductors, circuit breakers and conduits. You'll install conduit, provide wiring and install circuit breaker and charging unit. Plus, you will be helping JobLink provide a place for EV owners to charge their cars. Prerequisites: None

**Mondays-August 16 to August 30
8am-11am or 3:30pm-6:30pm**

Location: JobLink Instructor: Bill Cameon

FREE

TAP [Instrument Ground School](#)

6wks

The Instrument Ground School Course is for students who have a private pilot's license and wish to move on to the next step of getting an instrument rating. This class prepares the student for flying in inclement weather and in taking the FAA Written Exam for the instrument rating. This is a lecture type course using a combination of PowerPoints, videos, quizzes, and visual aids to help the students complete the tasks and prepare for the written exam. Prerequisites: Must hold a Private Pilot License to take this class.

**Mondays & Wednesdays-
September 20 to November 2
6pm-8pm**

**Location: [Eagle Aircraft Flight School](#)
[4001 Murvihill Road, Valparaiso, IN 46383](#)**

Instructor: Keegan Starkey

PLEASE NOTE: You CANNOT register for TAP classes over the phone or online. You MUST visit your Career Development Center to register.

◆ [Lawn Equipment Maintenance & Repair](#)

8wks

As summer ends and cooler weather approaches, how will you prepare your lawn equipment so it will work properly next spring? Repair shops charge sixty to seventy-five dollars an hour for tuning up, repairing or prepping equipment for storage. Why not learn to do these things yourself and save? Bring your equipment into class for hands-on training. Prerequisites: None

**Thursdays-August 26 to October 14
OR**

Thursdays-October 21 to December 16

No Class: November 25

8am-11am or 3pm-6pm

Location: JobLink Instructor: Michael Daly

[MTM Prep](#)

11wks

This 11-week course will briefly touch on the procedures such as welding, machinery, tools, hydraulics, pumps, piping, print reading, and more. This introductory course is for anyone who wants to improve their Ramsay score. Prerequisites: None

**Tuesdays-August 31 to November 9
9am-12pm or 3pm-6pm**

Location: Leon Lynch Instructor: Nick Nash

[Private Pilot Ground School](#)

8wks

This course will prepare you to take the FAA Private Pilot Written Exam and teach you what you need to know to begin flight training. This includes: aerodynamics, weather, weight and balance, systems, airspace, ATC, cross country planning, and more. Students attending this ground school receive a flight bag, logbook, E6B, books, charts and three hours of simulator time. This course uses a combination of Powerpoint presentations, videos, quizzes, and visual aids to help you complete the tasks and prepare for the written exam. Prerequisites: None

**Tuesdays & Thursdays-
September 14 to November 4
6pm-8:30pm**

**Location: [Eagle Aircraft Flight School](#)
[4001 Murvihill Road, Valparaiso, IN 46383](#)**

Instructor: Keegan Starkey

technical

◆ [String Instrument Repair Workshop](#) 3wks

Keeping ones guitar, bass, or other string instrument in top playing condition is important to any musician. In this course you will learn the basics of guitar/string instrument maintenance and set-up including neck, fingerboard and fret adjustment, balancing string intonation, setting proper string action, and repair of cracks and surface refinishing. Bring in your own instruments for a tune-up. Also, this can be used as open lab time for those who are working to complete their instrument from earlier workshop classes. Prerequisites: None

I am thrilled with my accomplishment!

Saturdays-November 6 to November 20
9am-1pm or 2:30pm-6:30pm
Location: JobLink
Instructor: David Dolak

[Vinyl Cutting](#) 3wks

In this class we will learn how to use files with graphics, patterns and letters to directly cut on vinyl. A vinyl cutter is a machine that is used for making signs, banners, advertisements for automobiles, vans, and apparel decoration. While these machines were designed for cutting vinyl, they can also cut through computer and specialty papers, as well as thicker items like thin sheets of magnet. Come to this class and find out how you can press vinyl on apparel and other surfaces, along with learning about the many different types of vinyl products and their specific uses. Prerequisites: None

Tuesdays-September 28 to October 12
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis

Note: All of the comments in green boxes come straight off course evaluations. Find out what others think of these classes.

WOODWORKING

◆ [Custom Projects](#) 15wks

Custom Projects is a chance to have access to Joblink's state of the art woodshop to build anything you decide to build or to complete your project from a previous semester. We will still make drawings, and a materials list, and I will help you every step of the way. If you haven't been in Joblink's woodshop, you are missing out on a great opportunity! Prerequisites: None

Wednesdays-September 1 to December 8
9am-12pm or 3pm-6pm
Location: JobLink Instructor: Dale Meiner

◆ [DIY Fall Projects](#) 6wks

In this class you will learn to build indoor or outdoor projects for the fall and winter holidays. Some students have made benches, tables or planters, etc., that they their family and friends are now enjoying. You may build something from a plan, or you design something that is unique and personal to you. Maybe you have a project that just needs to be finished and this would be a good time for you to "get-it-done." Prerequisites: None

Mondays-September 13 to October 18
9am-12pm or 3pm-6pm
Location: JobLink Instructor: Nick Nash

◆ [Snare Drums](#) 15wks

In this class we will be building stave snare drums. Wood grain runs vertically in stave drums, which means there is a better transfer of resonance between top and bottom heads. This gives stave snare drums amazing tone, brilliance and body. Segments of acrylic between wood staves allows internal LED lighting for a stunning looking instrument. Wood is included in this class, hardware ranges from \$50-\$200 per drum. Prerequisites: None

Tuesdays-August 31 to December 7
9am-12pm or 3pm-6pm
Location: JobLink Instructor: Dale Meiners

business

[Art and Techniques of Effective Selling and Promotion](#) 8wks

This is an introductory course that teaches the importance of understanding and using effective selling and promotional techniques. You may have a great business idea, however, if you can not sell it and promote it, what have you gained? Learning how to be convincing is an important step in becoming a successful business owner. This course will show you how to prospect, build selling relationships, get your foot in the door, handle objections and close the sale. Spouses are welcome to attend at no charge. Prerequisites: None

Thursdays-October 21 to December 16
No Class: November 25
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

[Business Planning II: Fine Tuning Your Business Plan](#) 8wks

This course allows the participant the opportunity to complete an initial draft of a business plan. The initial draft will include an operational plan, a management plan, a marketing plan, as well as, a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow projection. Spouses are welcomed to attend at no charge. Enroll today! Prerequisites: None

Thursdays-August 26 to October 14
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch
Instructor: Scott Williams

◆ [Credit Repair 101](#) 4wks

This course will teach you how credit scores are determined and how to improve your credit scores. Find out the easiest way to build positive credit and improve your FICO scores. The instructor will work with you to remove negative items from your reports. After you have taken this course, you will clearly understand how credit works and how you can make it work for you. This is a great class for people who plan on making a large purchase such as a house or car and want to get the best interest rate. Prerequisites: None

I enjoyed the relaxed candid nature of the presentation. Made for easy absorption of the material.

Mondays-September 13 to October 4
8:30am-10am or 3pm-4:30pm
Location: JobLink
Instructor: Robin Sobomehin

[How to Keep Records in a Small Business](#) 6wks

Keeping good and thorough financial records in a small business is mandatory. The business owner must know how his/her financial status at all times. This course is designed to teach a simple method of tracking money coming in and going out of any type of business. This information is critical in maintaining accurate financial records for taxation purposes. The course will provide knowledge about developing customer/vendor databases, recording expenses, writing checks, creating sales receipts and invoices, tracking inventory and paying bills. Be confident that your records are in order. Prerequisites: None

Wednesdays-September 22 to October 27
8am-10am or 4pm-6pm or 6pm-8pm
Location: Leon Lynch Instructor: Scott Williams

business

Taking Stock In Your Life & Finances

6wks

In this course students can acquire a new-found confidence and understanding of the markets and how they affect individuals in their financial growth. The course will teach students how to remove noise and fear from news heard and seen daily. Students will learn to make financial decisions with clearer minds, based on probabilities of success and reduced risk. Students will learn how to trade in the stock market from very basic concepts to more advanced trading strategies with practice methods, while protecting their real money. Prerequisites: Internet access for viewing classes (or come to JobLink to view this class). Each registered student should have an active email address.

Tuesdays-August 17 to September 21
10am-12pm or 4pm-6pm
Location: Joblink & Live-streamed
Instructor: William Thomas Cook II

L-S

Tom is a professional, very knowledgeable and able to teach and to explain to both beginners and more advanced students.

Understanding Your 401k & Optimizing Your Investment Choices

5wks

Have you ever wondered how to decide what mutual funds to choose for your 401k? Why is buy and hold investing not working for you? Is there a good time to be adding mutual funds to your portfolio? What about market sectors - Technology, Healthcare, Energy and Gold? Learn how to evaluate all market sectors and design a portfolio to meet your financial goals. Join us for the well-received course. (Instructor comes to us via Zoom.) No broker. No selling. This is an educational program! Prerequisites: None

Mondays-September 13 to October 11
9am-12pm or 3:30pm-6:30pm
Location: JobLink
Instructor: Jeff Ratcliff

Instructor: Paulette Mezo

Easy Guitar

12wks

This course is open to anyone who wants to learn to play the guitar as well as anyone who would like to brush up on or improve your skills on the guitar. Anyone with a guitar is welcome! Our online video contains three levels of instruction from beginner to advanced and will be tailored to the guitar players who take the course. Most important is we'll have fun and play the guitar. Eric Lambert is an award winning instructor, performer and recording artist and can quickly and easily help you develop the skills you need to play the tunes you've always wanted to play. Prerequisites: Own a guitar

Mondays-August 16 to November 8
No Class: September 6
11am-12pm or 2pm-3pm or 3:15pm-4:15pm
Location: JobLink
Instructor: Eric Lambert

Fall Wreath

1wk

You will learn to make a beautiful wreath in the colors of your choice. In this fall class you will make a curly mesh wreath. In three short hours, you will have a lovely wreath for your front door or as a gift. You are going to love it! (Come see the sample wreath at the JobLink office.) Prerequisites: None

Thursday-September 30
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Elizabeth Palacio

Garden Planter for Fall

1wk

Nature changes with the fall landscape. Cool temperatures and shorter light days effect plant life. Mums, cabbage, and kale are a few of the fall plants that love the cooler temperatures of the fall landscape. We will bring these plants together to make a fall container garden in a bushel basket to enjoy till November. Prerequisites: None

Tuesday-September 21
9am-11am or 3pm-5pm
Location: Joblink
Instructor: Lee Ann Bultema

Holiday Wreath

1wk

You will learn to make a wreath in colors of your choice. In three short hours you will have a beautiful wreath for your front door or to give as a gift. Come see the sample wreath at JobLink first thing in November. Prerequisites: None

Play the Piano/Keyboard Levels 1.2.3.4 10wks

This class is designed for all levels of Piano students. Learning and playing the piano/keyboard can open up an incredible door of creativity for you, as well as a fulfilling life of music making. Learn from an instructor with over 45 years of playing experience and over 30 years of teaching experience. The instructor will work with groups and individuals based on their piano level. This class is available on site, or can be Zoomed with instructor online, or can be a hybrid class (on site and/or Zoom) in case you can not make it to class due to your schedule or other time conflicts. Prerequisites: None

Tuesdays-September 14 to November 16
11:30am-1pm or 3:30pm-5pm
Location: Leon Lynch
Instructor: Frances Zahariadis

Stained Glass: Harvest A New Skill 8wks

Learn the copper foil technique in this class. This allows you to build from the smallest of projects to the largest. You will learn to coordinate glass, bevels and jewels to create a piece that will make a bold statement to any window in a room or make a unique gift. This class will not only challenge you but be an enjoyable experience. Prerequisites: None

Mondays-August 16 to October 11
No Class: September 6
10am-12:30pm or 2:30pm-5pm
Location: Suncatchers
1348 119th, Whiting, IN 46394
Instructor: Margarita Otero / Edie Rauner

Best teacher I ever had. The instructor and her assistant were always on hand to help.

Thanksgiving Centerpiece 1wk

Fall season is one of color and transformation. We gather the bounty and give thanks for the previous year and look forward to the winter rest in the farming community. Come together to create a fall Thanksgiving centerpiece as you celebrate Thanksgiving. Prerequisites: None

Tuesday-November 16
9am-11am or 3pm-5pm
Location: JobLink **Instructor: Lee Ann Bultema**

Winter Container Gardening 1wk

The wintertime does not mean the garden goes to sleep. Come experience the winter landscape to create a container garden to place on your doorstep to welcome in the season. Evergreens are fragrant and stunning put together and will last till Spring! We will also learn about the birds and how to keep our feather friends happy by creating an ornament for them! Prerequisites: None

Tuesday-November 30
9am-11am or 3pm-5pm
Location: JobLink **Instructor: Lee Ann Bultema**

Learned so much - especially how to keep the plants blooming.

skill building

◆ Helping Loved Ones Stay at Home 1wk

Are you concerned about an adult disabled or senior family member living at home safely? This one-day workshop will help you create a checklist of items you should follow in order for that to happen. Then the presenter, the Vice President of Communications & Outreach for Northwest Indiana Community Action, will also direct you to the community resources available to you and your family member. Be prepared and make your life easier and your loved ones safer. (This course will be the first step in the JobLink "Safe at Home Project". Prerequisites: None

Thursday-September 16
10am-12pm or 3:15pm-5:15pm
Location: JobLink
Instructor: Melissa Bohacek

FREE NEW

◆ JobLink Book Club 1wk

Who joins book clubs? People who like to read, think and discuss ideas. Here are some reasons why you might like it -

1. You read books you would never have thought of reading (and you enjoy it!)
2. Some books just need to be discussed.
3. You meet interesting people.
4. It's fun!

Here's how it works: A month or so before the book club meets, register for the class and pick up a copy of the book from JobLink. Read the book and come to the discussion. Give it a try! Prerequisites: None

Monday-August 30
3:30pm-5pm
Location: JobLink
Instructor: Marcia Taylor

Thinking of retiring? Need to write a resume?

Call Marcia for help at 399-8134.

◆ Let's Talk Downsizing! 1wk

Downsizing really means it's the time to "right-size". Making sense of a lifetime of possessions doesn't have to be overwhelming. In this class, you learn the process, and most importantly how to make decisions about what to part with and what to keep. Plus your instructor will share resources to make it all happen. Prerequisites: None

Thursday-September 23
9am-11am or 4pm-6pm
Location: JobLink
Instructor: M. Colleen Klimczak

L-S NEW

◆ Rock and Fossil Hunt 1wk

Bring the family along and join geologist and teacher, Dave Dolak, to learn about the basic types of rocks, fossils, and artifacts that can be found along Lake Michigan beaches. This fun, family-friendly activity will include a scavenger hunt to find and identify common rocks and fossils common to the Indiana Dunes. This will be a great activity to collect specimens to use for school show-and-tell. Ages 5+. (A map to the collecting site and a specimen collection sheet will be provided.) Prerequisites: None

Saturday-September 18
10am-12pm
Location: Indiana Dunes **Instructor: Dave Dolak**

◆ Veterans: Know Your Benefits 1wk

Are you a veteran? Are you clear about your benefits? In this workshop, given by a Veterans Outreach Program Specialist, you will learn the what and the how of your benefits. Learn the VA terminology when dealing with a claim and how to prepare to submit one. You will learn about what forms and documents you will need to support your claims. A part of the workshop will be a Q and A, so come prepared with your questions. Your spouse is encouraged to attend, too! Prerequisites: None

Wednesday-October 13
10am-12pm or 3:15pm-5:15pm
Location: JobLink **Instructor: Kevin Houcek**

Full Spectrum Health & Wellness

6wks

Full Spectrum Wellness is a comprehensive program designed to educate on the importance of nutrition and exercise. Those attending will learn the role of health, nutrition, physical activity, and wellness in daily life. Topics include: assessment of one's personal health, nutrition and meal preparation, improving personal fitness, and identifying changes and practical applications that will enhance lifelong health. Upon completion of this course, Full Spectrum Fitness students can attend the gym for one year. Students will be provided with a fitness center tour and machine/aparatus demonstration. Prerequisites: None

Thursdays-December 2 to January 6
8am-9am or 7pm-8pm
Location: Leon Lynch
Instructor: John Brant

Improve Your Health

12 wks

This 12 week life-changing, medically-supervised program based in Functional Medicine, which is a systems approach to healing. Based on the model used at the Cleveland Clinic Center for Functional Medicine, this 12-week program will help you discover the root cause of chronic conditions. The premise of functional medicine is that the root cause of chronic disease is a combination of nutrient deficiencies, toxins, food sensitivities or underlying infections. The 12 weeks of classes are online, while the 6 wks of live discussions will be livestreamed through Teams on 9/22, 10/6, 10/20, 11/3, 11/10 Prerequisites: None

Wednesdays-September 8 to November 24
10am-11am or 3pm-4pm
Location: JobLink
Instructor: Desiree Brummett

◆ **Look for the Diamond**

If space is available, any class with a diamond (◆) next to the title is a class open to spouses of active Local 1010 and 1011 and retired Local 1010 and 1011 steelworkers. Classes without a diamond next to them are for active steelworkers only.

Solutions at Work Session I

12wks

This updated 3-month program consists of 12-nutrition/exercise sessions held at Franciscan Health Fitness Centers Schererville. Each week, participants will meet for two hours, the first hour to discuss different topics of nutrition, and the second hour to exercise while learning different elements of physical activity. Participants also have unlimited access to our Team Training Sessions offered weekly, as well as full access to both fitness centers (Chesterton and Schererville) throughout the 12 weeks. Go to Franciscan-HealthFitnessCenters.org for more info about us! Prerequisites: None

Mondays-August 23 to November 15
No Class: September 6
9am-11am or 4pm-6pm
Location: JobLink Instructor: Barbara Pilla

◆ **Yoga Basics**

16wks

WE ARE BACK! Live, in-person yoga classes that you all have missed. All of your creaks, aches, and stiffness can be reduced if not eliminated with this regular yoga routine. Let's rebuild that strength, lengthen those muscles, and lubricate those joints. Best of all is the pleasure of one full hour to yourself of deep breathing, relaxation, and peace. This class is easy to follow, fun, and welcoming for both beginners and those with more experience. Prerequisites: None

Wednesdays-August 25 to December 15
No Class: November 24
10am-11am or 3:30pm-4:30pm
Location: JobLink Instructor: David Potesta

I always walk away relaxed and destressed.

◆ **Yoga Gentle Seated**

16wks

Yes it's true - we are back! Speaking of backs- I bet many of you have sore ones from not being very active over the last year and a half. Yoga Dave has the perfect cure: sit down, breathe, relax. Let's have some fun and work out all those kinks and knots. This class is for all ages, sizes, and abilities. Looking forward to seeing old friends we have all missed. Prerequisites: None

Fridays-August 27 to December 17
No Class: November 26
10am-11am or 3:30pm-4:30pm
Location: JobLink
Instructor: David Potesta

joblink technology

Fix It!

Bring your electronics out of quarantine! Save money and solve problems. Discover the steps needed to diagnose any electronics problem and then make the repairs yourself. Bring your computer, cell phone or other gadgets to class and learn the art of troubleshooting and repairing devices. We will talk in plain language about hardware, software, bugs, viruses, updates and other issues that can drive most users nuts. And we'll take care of common problems with electronics. We've got it covered. Take this class instead of spending too much at a repair shop! Prerequisites: None

Thursdays-September 9 to October 7

9am-1pm or 3pm-7pm

Location: JobLink

Instructor: Bill Needles

Laptop Performance Upgrades

Is your current desktop or laptop sluggish? Did you update Windows 10 and now your computer seems slower? We can help you fix that! Our benchmarking in the JobLink labs has shown a 20x - 100x performance increase for a typical laptop or desktop by replacing your traditional hard drive with a Solid State Drive. Have your instructor lead you in the conversion/data transfer process and breathe new life into your existing computer systems. * \$50 credit towards a new SSD (typically covers up to a 256GB SSD) Prerequisites: None

Tuesdays-September 14 to September 28

9am-1pm or 3pm-7pm

Location: JobLink

Instructor: Bill Needles

Tino Fulimeni Scholarship Fund

Scholarships will be awarded to children/grandchildren of Steelworkers by the ICD.

Application deadline is November 10, 2021. You may submit an application online at icdlearning.org.

For additional information, please visit or call your learning center.

5wks

Laser Engraving Projects

Bring your creative ideas to class and then learn how to laser engrave those ideas on wood, plastic, leather, glass and more. Tools, jewelry items, keepsakes, glassware and more are all candidates to be laser marked or engraved. What a fun way to learn about graphic design and lasers and benefit from it all at the same time. JobLink has the equipment for you to learn on and use. You can easily take what you learn in this class and start your own business. Visit bkjoblink.org to see samples. Prerequisites: None

Wednesdays-September 8 to October 20

9am-12pm or 3:15pm-6:15pm

Location: JobLink

Instructor: Bill Needles

Wireless Security Cameras Are Easy

Wireless security cameras are inexpensive and easy to install and configure. There is no reason to pay a service provider \$30 or more per month to rent you security cameras. Attend this hands on class and learn to select and setup your own camera system quickly. We will show you how to use your smartphone or tablet to monitor your cameras too! Prerequisites: None

Thursdays-October 14 to October 28

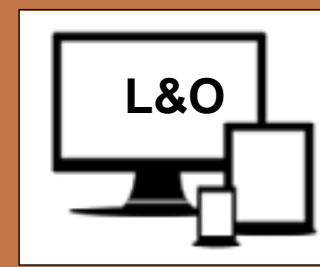

9am-12pm or 3:15pm-6:15pm

Location: JobLink

Instructor: Bill Needles

I'm more knowledgeable about types of cameras and where to position them.

7wks

live and online

Art and Techniques of Effective Selling & Promotion

This is an introductory course that teaches the importance of understanding and using effective selling and promotional techniques. You may have a great business idea, however, if you can not sell it and promote it, what have you gained? Learning how to be convincing is an important step in becoming a successful business owner. This course will show you how to prospect, build selling relationships, get your foot in the door, handle objections and close the sale. Spouses are welcome to attend at no charge. Prerequisites: None

Thursdays-October 21 to December 16

No Class: November 25

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch Instructor: Scott Williams

Business Planning II:

Fine Tuning Your Business Plan

This course allows the participant the opportunity to complete an initial draft of a business plan. The initial draft will include an operational plan, a management plan, a marketing plan, as well as, a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow projection. Spouses are welcome to attend at no charge. Enroll today! Prerequisites: None

Thursdays-August 26 to October 14

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch Instructor: Scott Williams

Easy Guitar

This course is open to anyone who wants to learn to play the guitar as well as anyone who would like to brush up on or improve your skills on the guitar. Anyone with a guitar is welcome! Our online video contains three levels of instruction from beginner to advanced and will be tailored to the guitar players who take the course. Most important is we'll have fun and play the guitar. Eric Lambert is an award winning instructor, performer and recording artist and can quickly and easily help you develop the skills you need to play the tunes you've always wanted to play. Prerequisites: Own a guitar

Mondays-August 16 to November 8

No Class: September 6

11am-12pm or 2pm-3pm or 3:15pm-4:15pm

Location: JobLink Instructor: Eric Lambert

8wks

MTM Prep

This 11-week course will briefly touch on the procedures such as welding, machinery, tools, hydraulics, pumps, piping, print reading, and more. This introductory course is for anyone who wants to improve their Ramsay score. Prerequisites: None

Tuesdays-August 31 to November 9

9am-12pm or 3pm-6pm

Location: Leon Lynch

Instructor: Nick Nash

Taking Stock In Your

Life & Finances

The intention of this course, is to introduce new-found confidence and understanding of the markets and how they may affect individuals in their financial growth and retirement. The course will teach students how to remove the media noise and biased opinions from the news heard and seen daily. Students will learn to make financial decisions with clearer minds, based on probabilities of success and reduced risk. Students will learn to trade the stock market from very basic concepts to more advanced trading strategies. Student will also learn how to build strong lists of stock and mutual funds. Prerequisites: Computer available for viewing classes, in the comfort of the student home, if desired. Each student once registered for class by Joblink, shall submit their emails to tomcook1124@gmail.com, in order to be admitted into each live class session.

Tuesdays-August 17 to September 21

10am-12pm or 4pm-6pm

Location: Joblink & Live-streamed

Instructor: William Thomas Cook II

What I liked best about the class was the ability to telecast (watch the class online) when I was unable to attend classes due to my work shift.

Live and Online classes are offered at Leon Lynch Learning Center and at JobLink. Visit our website for more information: careerdevelopmentchannel.org

leon lynch technology

100 Excel Functions

4wks

In this class we will discuss and apply beginning to advanced Excel functions and features that will help you analyze and manage your data more efficiently. Excel has hundreds of built-in functions and more are added with every upgrade. That is a huge number of functions to think about, even for advanced users. Thankfully, you do not need to learn all these functions to be productive in Excel. If you have a basic understanding of about a hundred key functions, you will be far ahead of the average user. This class will provide an overview of about 100 important Excel functions you should know Prerequisites: Introduction to Excel or Equivalent Knowledge

Wednesdays-November 17 to December 15

No Class: November 24

9am-11:30am or 3:30pm-6pm

Location: Leon Lynch

Instructor: George Zahariadis

Amazon Fire Stick 4K With Kodi

3wks

The Fire TV Stick 4k connects your HDTV to a world of online entertainment. With more processing power, a remote with power, volume, and mute buttons let you control your TV, sound bar, and receiver. You get a huge selection of movies and TV episodes, and voice search capabilities. In this class we will learn how to install the newest version of Kodi on the Fire Stick and other apps to gain access to thousands more streaming selections. If you wish to purchase a Fire Stick to take home, the cost is \$35 per student and is due the first day of class. Prerequisites: None

Tuesdays-October 19 to November 2

8am-10:30am or 3:30pm-6pm

Location: Leon Lynch

Instructor: George Zahariadis

Cut the Cable!

1wk

Build Your Own Digital TV Antenna

Cable bills busting the budget? You may be missing out on free TV. Using scrap wire with stock lumber, build a slick homemade antenna and stay tuned. We have been able to catch over 30 channels with this antenna you can build in class. Come and build your own digital TV antenna and see what you are able to watch on TV for free rather than paying those monthly cable bills. Prerequisites: None

Tuesday-August 24

9am-11am or 6pm-8pm

Location: Leon Lynch

Instructor: George Zahariadis

Microsoft Excel Introduction

4wks

This class introduces the skills necessary for productive development of workbooks. It includes tasks to explore Excel, create formulas, copy and move data, and print worksheets. The student will also learn how to work with ranges and use the Office assistant, basic workbook skills, and page setup. This class covers basic skills needed to prepare worksheets for publication. It includes tasks to format numbers, text, and cells. Prerequisites: None

Wednesdays-September 29 to October 20

8am-10:30am or 7pm-9:30pm

Location: Leon Lynch

Instructor: George Zahariadis

Policy on Dropping a Class

If you need to withdraw from a class, you must notify your learning center two business days before the start of the class. You can call or email us about dropping a class, but phone messages are not accepted. If you do not drop the class in a timely fashion, your account will be charged for the cost of the class.

Record With TV Antenna for Free

1wk

You will learn to setup a DVR converter box and record-over-the air antenna stations onto a USB stick. You will be able to record your favorite over-the-air TV shows, schedule series recordings in advance and view recordings and skip commercials just like a normal DVR for free. No internet connection is needed just plug box onto antenna and TV and setup recordings by viewing an over the air TV guide and view whenever you are ready. Recordings are stored on USB memory stick which allows you to even watch on a computer or laptop. You can purchase the DVR converter box for \$25 in class. Prerequisites: None

Thursday-September 2

9am-11am or 6pm-8pm

Location: Leon Lynch

Instructor: George Zahariadis

Sublimation Printing

3wks

Sublimation printing is the method of applying an image and sayings to specially coated hard surface items such as ceramics, metals, fiber board and polyester cloth, using three main ingredients: sublimation ink, heat and pressure. In this class you will learn to use software to prepare your photo for the sublimation process and to use the special equipment required for the sublimation coating process. Come to class and bring your picture and/or phrase and choose an item such as a mug, t-shirt, a frame, box, or keychain and use the equipment to sublimate and take or give as a gift or memento. Prerequisites: None

Wednesdays-October 27 to November 10

8am-10:30am or 7pm-9:30pm

Location: Leon Lynch

Instructor: George Zahariadis

leon lynch technology

◆ Technical Open Lab

1wk

We have open labs available for you. Bring your computer or laptop to lab so we can help you with repairs or upgrades, back up your data or check your computer or laptop for viruses. Come to the lab with any Firestick, Raspberry Pi, Android TV box, alarm system, security camera, cell phone or tablet questions or repairs. If you have questions about a class you have recently taken or need help on any software, this will be your opportunity to come talk to George, the instructor. You can call to make an appointment and reserve a time slot or just show up anytime between any of the open lab hours and days. Prerequisites: None

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. \$2,500 in tuition assistance.

Issuance 14

Students who have an educational and career goal in mind and need more than \$2,500 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$4,500 yearly.

Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if: That retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.
