technical

Appliance Troubleshooting 1

12wks

Appliance troubleshooting is a great beginner class. Students will learn to operate and maintain their own appliances. They will be able to see the inner workings of an appliance. Every week there will be a different appliance such as dryers, washers, ranges and refrigerators for them to learn about. Prerequisites: None

Wednesdays-August 31 to November 16

8am-11am or 4pm-7pm

Location: Leon Lynch

Instructor: Rolando Alvarez

◆ Lawn Equipment Maintenance & Repair 12wks

As summer ends and cooler weather approaches, how will you prepare your lawn equipment so it will work properly next spring? Repair shops charge sixty to seventy-five dollars an hour for tuning up, repairing or prepping equipment for storage. Why not learn to do these things yourself and save. Bring your equipment into class for hands-on training. Prerequisites: None

Thursdays-September 29 to December 22

No Class: November 24

8am-11am or 3pm-6pm

Location: JobLink

Instructor: Michael Daly

MTM Prep

6wks

This six week course will briefly touch on the procedures such as welding, machinery, tools, hydraulics, pumps, piping, print reading, and more. This class is for anyone who wants to improve their Ramsay score.

Prerequisites: None

Tuesdays-September 13 to October 18

9am-12pm or 3pm-6pm

Location: Leon Lynch

Instructor: Nick Nash

Photography Fundamentals

5wks

We are going to cover the basic fundamentals of photography. With the invention of the smartphone and its rapidly increasing technology, we all have very powerful cameras on our phones. If students have their own DSLR, film, or mirrorless cameras, the principles still apply, the only difference is the device. We will be covering portraits and landscapes since they are the most common subjects in our daily lives. This will be a cumulative learning experience with each week we will build upon the previous skill to use a subject and a setting to tell a story. Prerequisites: Cellphone, DSLR, or mirrorless camera.

Tuesdays-August 30 to September 27

9am-10:30am or 3:30pm-5pm

Location: JobLink

Instructor: Daveed Holmes

Private Pilot Ground School

8wks

This Private Pilot Ground School meets the requirements of the FAA to have 35 hours of ground training to be able to obtain a Private Pilot License. This course is for students who are interested in learning to fly fixed wing aircraft or drones. The course covers the "ground portion" of the license to help the student pass the Written Knowledge Test which is a requirement to obtain a Private Pilot License. The instructor will lecture the class, demonstrate with visual aids, and share resource materials to help the students gain an understanding of aerodynamics, principles of flight, air space, weight and balance, systems and malfunctions, cross-country planning, Federal Aviation Regulations, NTSB, and human factors in aviation. The students will use aircraft in the hangar to study aviation terminology, the mechanics of an aircraft, airworthiness and aircraft documentation and demonstrate knowledge of these topics. Prerequisites: None

**Tuesdays AND Thursdays-September 13 to November 3
6pm-8:30pm**

**Location: Eagle Aircraft Flight Academy,
4001 Murvihill Rd., Valparaiso, IN**

Instructor: Austin Line

technical

Small Engine: Quick Repair

3wks

Do you have only one or two lawn equipment machines (a mower or snowblower or both)? Don't want to commit to a twelve-week class? Are you through with paying your local repair shop eighty dollars an hour to repair your machines? If so, this class is for you. Learn to repair and maintain these machines yourself and save time and money. Bring them to class for tune-ups, repairs and maintenance. We supply the tools and know-how and you bring your equipment and an interest in learning about it.

Prerequisites: None

Mondays- September 19 to October 3
October 10 to October 24
November 21 to December 5

8am-11am or 3pm-6pm

Location: JobLink

Instructor: Michael Daly

◆ String Instrument Repair Open Lab 3wks

Keeping one's guitar, bass, or other string instrument in top playing condition is important to any musician. In this course you will learn the basics of guitar/string instrument maintenance and set-up including neck, fingerboard and fret adjustment, balancing string intonation, setting proper string action, and repair of cracks and surface refinishing. Bring in your own instruments for a tune-up. Also, this can be used as open lab time for those who are working to complete their instrument from earlier workshop classes.

Prerequisites: None

Saturdays-November 5 to November 19
9am-1pm or 2:30pm-6:30pm

Location: JobLink

Instructor: David Dolak

Dale Meiners & Nick Nash

◆ **Build a Picnic Table** 12wks In Memoriam of John Wilkerson

In this class students will learn to make a picnic table. This table will be displayed at the Local 1010 Union Hall in memoriam of John Wilkerson who recently passed away. John was Chairman of the Grievance Committee. John has done a tremendous job of advocating for the membership and his absence will be greatly missed. There will be no charge to students. Prerequisites: None

Mondays-August 22 to November 14
No Class: September 5
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Nick Nash

free

◆ **Custom Projects** 15wks

Custom Projects gives you access to JobLink's "state of the art" woodshop to build something not listed in the catalog, or to finish a project from a previous class. Bring in your ideas, and images of something you would like to build, and we will combine all the best ideas into an accurate 3D rendering. Get inspired by wood choices, finishes, and other projects in the shop. Learn how to use all the machinery and some hot tricks to work better and faster! Prerequisites: None

Wednesdays-September 7 to December 14
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Dale Meiners

John Wilkerson
1986-2022

◆ **Wood & Leather Folding Chairs** 15wks

In this class we will be build curved wood framed chairs with leather seats and backrests that fold! Choose the wood and leather to match your environment. All materials will be included to build 2 chairs. Prerequisites: None

Tuesdays-September 6 to December 13
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Dale Meiners

NEW

other sites

Burns Harbor & Gary Works

[Air Conditioning Service Techniques](#)

8wks

This 8 week class will cover what you need to know in order to work professionally and legally on air conditioners. Included are the basics of working with the equipment, what measurements are necessary to check an AC unit and how to handle refrigerants. What needs to be done to install a system. Are you familiar with how the electrical components work and how to check them? These topics and more will be covered in this class. The focus of this course will not be lecture; it will be mostly working with the equipment. **We will be working with refrigerants in this class so you must have 608 Type 2 certification or better.**

Fridays-July 1 to August 19

No Class July 29

**7:30am-10:30am or 11:30am-2:30pm
or 3:30pm-6:30pm**

Location: Burns Harbor

Instructor: The Education Provider

[Class A CDL 40-hour Classroom Training](#) 10wks

This Class A CDL Classroom Training Program is designed to provide you with the first 40 hours of the full 160 hour training program as required by the FMCSA. Included in this training is the written material and instruction to help you obtain your Class A CDL Permit, along with D.O.T. rules and regulations, safety, pre-trip inspection and more. You will then have the opportunity to enroll with Driveco CDL Learning Center to complete the driving portion of the Class A CDL Training leading to the state CDL skills exam.

Prerequisites: None

Mondays-September 12 to November 14

8am-12pm or 4pm-8pm

Location: US Steel - Gary Works

Instructor: Robert Webster

[HVAC 1](#)

64wks

You will have the ability to earn up to 7 nationally recognized certifications. With knowledge and training, you can become a HVAC Certified Technician. Learn how to install, repair, and service HVAC equipment in the residential and light commercial fields. The HVAC program meets 1 day a week for 64 weeks. Do not miss out on this incredible opportunity.

Date: (TBD)

Location: Burns Harbor

Instructor: The Education Provider

[Additional Certifications for Type 2 Technicians](#)

[How to Start and Run a Small Business](#)

6wks

Planning before starting a business is an important step toward operating a successful business. Many students have said to me that they wish they would have taken this course before starting a business. This is an introductory course that teaches the basics of starting any type of small business. This course will focus on licenses/permits, taxation, deductible expenses, insurance, record keeping and legal structures. After you have taken this class, you will feel confident about taking the right steps to be successful. Spouses are welcome to attend at no charge.

Prerequisites: None

Thursdays-October 27 to December 15

No Class: November 17 November 24

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch

Instructor: Scott Williams

◆ [Social Security 101](#)

1wk

Have you ever wondered how Social Security benefits are calculated and how much you will receive when you retire? From its humble beginnings during the Great Depression, the Social Security system has served the changing needs of the citizens of the United States since 1935. It has a long & interesting role in the history of the people, politics and landscape of America. 94% of workers pay into the program. If you are among them, you should know what you are paying for. Get a crash course in Social Security. Learn about Retirement, Disability, Spousal, Survivor, Medicare benefits & more! Prerequisites: None

Monday-August 22

OR Wednesday-September 7

Location: JobLink

Instructor: Daniel Summer

◆ [Taking Stock In Your Life & Finances](#) 6wks

The intention of this course is to introduce new-found confidence and understanding of the markets and how they may affect individuals in their financial growth and retirement. The course will teach students how to remove the media noise and biased opinions from news heard and seen daily. Students will learn to make financial decisions with clearer minds, based on probabilities of success and reduced risk. Students will learn to trade the stock market from very basic concepts to more advanced trading strategies. Students will also learn how to build a strong list of stocks and mutual funds. Prerequisites: Computer available for viewing classes, in the comfort of the student home, if desired. Each student once registered for class by JobLink, shall submit their emails to tomcook1124@gmail.com, in order to be admitted into each live class session.

Tuesdays-September 6 to October 11

Instructor: M. Colleen Klimczak, CPO

◆ [Spanish II](#) 8wks

Andale! Let's learn more Spanish. If you have some background in Spanish or have taken Spanish I, register for this class to expand your knowledge and use of Spanish. The emphasis in this class is on useful, conversational language. Class is at JobLink, but also available over Zoom. Besides the Wednesday class, there will be a recorded practice session every week for additional practice. See you there - en la clase de español. This course will be offered as Live Streamed and recorded for posting to website. Prerequisites: Spanish I or some knowledge of Spanish.

Wednesdays-August 24 to October 19
No Class: September 28
10am-11:30am or 3:30pm-5pm
Location: JobLink/Zoom
Instructor: Marcia L. Taylor

[Dog Obedience and Manners Training](#) 4wks

This class teaches obedience to dogs and good handling skills to owners. Through positive reinforcement, fun games and fear-free methods, dogs will learn to pay attention to you. They will follow through on cues, walk nicely on lead, come when called and have nice manners both indoors and out. It's fun and training equipment is included. Good human-canine communication is gained, strong relationships are established for creating better behaved dogs. Using humane methods, the teams work together to have cohesive relationships and build strong bonds. Dogs are healing and highly therapeutic! Prerequisites: All dogs must be fully up-to-date on vaccinations and show proof prior to first class. Also, no puppies under 5 months old. Shy, timid or barky dogs are welcome. Aggressive dogs are not.

Tuesdays-October 4 to October 25 
12pm-1pm or 5:30pm-6:30pm
Location: Gilly's Dog House
102 Brown Ave., Chesterton, IN
Instructor: Bobbi-Lynn Riley Caparella/Life of Riley

Full Spectrum Health & Wellness

6wks

Solutions at Work

12wks

Full Spectrum Wellness is a comprehensive program designed to educate on the importance of nutrition and exercise. Those attending will learn the role of health, nutrition, physical activity, and wellness in daily life. Topics include: assessment of one's personal health, nutrition and meal preparation, improving personal fitness, and identifying changes and practical application that will enhance lifelong health. A one-year membership to Full Spectrum Fitness is included upon completion of this course. Members will be provided with a fitness center tour and machine/apparatus demonstration. Prerequisites: None

Thursdays-October 6 to November 10
8am-9am or 7pm-8pm

Location: Full Spectrum Fitness
1516 N. Main St., Crown Point, IN

Instructor: John Brant

This 3-month program consists of 24 nutrition and exercise classes held at Franciscan Health Fitness Center in Chesterton. Each week, participants will meet twice, the first class to discuss different topics of nutrition, and the second class to exercise while learning different elements of physical activity. Participants also have unlimited access to our Team Training Sessions and 60+ Group Exercise Classes offered weekly, as well as full access to the Fitness Center throughout the 12 weeks. Go to FranciscanHealthFitnessCenters.org for more info about us! Prerequisites: None

Tuesdays AND Thursdays-August 30 to November 17
8am-9am or 3:45pm-4:45pm

Location: Franciscan Health Fitness Center
810 Michael Dr., Chesterton, IN
Instructor: Barbara Pilla

Lifestyle Intervention Extended Program

6wks

◆ Yoga

14wks

Welcome to the Build Your Immunity and Transform Your Health Extension Program. This is a continuing journey for people that have taken one of the below prerequisites with Pam Johnson. For the first half, we will be covering The Wahl's Protocol by Dr. Terry Wahls and why we hold this protocol to such a high standard for repairing our own health. We will also be taking a deeper dive into GOOD FATS, what they are, why we need them, what happens to our body if we do not have them, and the difference in GOOD FATS and BAD FATS. Also, the importance of moving over exercise will also be taught. Prerequisites: Must have completed IMPROVE YOUR HEALTH or BUILD YOUR IMMUNITY AND TRANSFORM YOUR HEALTH.

Mondays-September 12 to October 24
No Class: October 10

10:30am-11:30am or 12pm-1pm or 3pm-4pm

Location: JobLink

Instructor: Desiree Brummett

Two classes instead of just one! We are now offering the option of traditional on the floor mat yoga combined with modified chair yoga, all in one session. Classes are still on same days as before. Wednesday is Basic Yoga and Friday is Gentle Seated Yoga. Come to one or the other - your choice or better yet BOTH! David makes it fun, easy to follow, and comfortable for any level of fitness or ability providing relaxed, gentle, effective modifications. Beginners are welcomed and encouraged! Prerequisites: None

ENTER
AND
LEARN

3D Printing 101

4wks

This class will take you through the essentials of 3D printing. We will explore 3D printer hardware and the print process and then examine the software that enables you to create, modify, and print 3D models. You will also get some insights into 3D scanning technologies and what is coming up in the world of 3D printing. We will use free software and free apps that let you create 3D objects into 3D models.

Prerequisites: None

Mondays-October 10 to October 31

8am-11am or 4pm-7pm

Location: JobLink

Instructor: George Zahariadis

Amazon Fire Stick 4K MAX Streaming

2wks

The new Fire TV Stick 4k Max connects your HDTV to a world of online entertainment with more power, a lightning-fast processor, support for 802.11 ac Wi-Fi, and a new antenna design. New remote lets you control your TV, sound bar, and receiver. You get a huge selection of movies and TV episodes, and voice search capabilities. In this class we will learn how to install the newest version of KODI on the Fire Stick along with other streaming services to gain access to thousands more streaming selections. You may purchase a Firestick Max to keep for \$35, otherwise you can use one during class.

Prerequisites: None

Tuesdays-December 6 to December 13

Introduction to Microsoft TEAMS

1wk

This course will teach you how to use Microsoft Teams to work together productively. Students will learn to create teams, add users, manage a team, start a team conversation, reply to a conversation, and add files. In addition, students will explore channels, create, and share files, work with meetings, schedule team meetings, and work with tabs. Prerequisites: None

Wednesday AND Fridays
September 7 AND September 9
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis

◆ Laser Engraving!

7wks

Bring your creative ideas to fruition with our amazing laser engraver! Print text and images on wood, plexiglas, round objects, glasses mugs, etc! Carve in black, or fill with any color! This is an easy machine to operate, and the results are impressive! Prerequisites: None

Thursdays-September 8 to October 20
9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Dale Meiners

Sublimation Printing

5wks

Sublimation printing is the method of applying an image to specially coated hard surface items such as ceramics, metals, fiber board or polyester cloth, using three main ingredients: sublimation ink, heat, and pressure. In this class you will learn how to prepare your photo for the sublimation process and to use the special equipment required for the sublimation coating. Come to class and bring your pictures and/or phrases and learn how to sublimate on a t-shirt, door mat, license plate, glass vase, coffee mug, and cell phone case and take or give as a gift or memento. Prerequisites: None

Tuesdays-October 4 to November 1
8am-10:30am or 7pm-9:30pm
Location: Leon Lynch
Instructor: George Zahariadis

Sublimation with the Kids

1wk

Sublimation is the process of printing and heat pressing designs and graphics onto surfaces such as mugs, shirts, banks, slates, etc. For this class we will be offering 3 different projects: A mug (travel or coffee), a bank, and a dog treat jar. Come see how easy and fun this class is. Bring your child and have them create a masterpiece! If you bring more than 1 child, there will be an additional cost of \$40 per student for the supplies. Prerequisites: None

Saturday-September 17
Saturday-December 10
9am-1pm
Location: JobLink
Instructor: Chris Turner

◆ Technical Open Lab

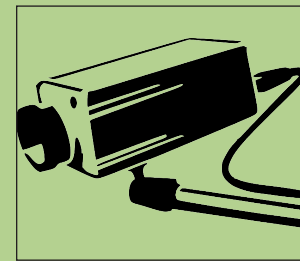

1wk

We have open labs available for you. Bring your computer or laptop to lab so we can help you with repairs or upgrades, back up your data or check your computer/laptop for viruses. If you have any Firestick, Raspberry Pi, Android TV box, alarm system, security camera, cell phone or tablet questions or repairs, if you have questions about a class you have recently taken, need help on any software, this will be your opportunity to come talk to George, our instructor. Prerequisites: None

Thursday-September 15 & 22
October 13 & 20
November 10 & 17
December 08 & 15

8am-10:30am or 4:30pm-7pm
Location: Leon Lynch
Instructor: George Zahariadis

technology

Vinyl Cutting

3wks

In this class we will learn how to use files with graphics, patterns and letters to directly cut on vinyl. A vinyl cutter is a machine that is used for making signs, banners, advertisements for automobiles and vans, and apparel decoration. While these machines were designed for cutting vinyl, they can also cut through computer and specialty papers, as well as thicker items like thin sheets of magnet. Come to this class and find out how you can press vinyl on apparel, and other surfaces, along with learning about the many different types of vinyl products and their specific uses.

Prerequisites: None

Tuesdays-September 6 to September 20

8am-10:30am or 7pm-9:30pm

Location: Leon Lynch

Instructor: George Zahariadis

Wireless Alarm Systems Mini Course

2wks

The types of Alarm Security Systems can drastically differ in price, features, and quality. In this class we will compare and setup/install different types of wireless home-security systems. This class will help you find the wireless system that best fits your household or business needs. Purchasing your own home or business security systems, allows you to bypass the monthly fees if you use a non-monitored system, or we will show you how to save in monthly fees for a monitored system. Prerequisites: None

Wednesdays-October 12 to October 19

8am-11am or 4pm-7pm

Location: Leon Lynch

Instructor: George Zahariadis

Policy on Dropping a Class

If you need to withdraw from a class, you must notify your learning center two business days before the start of the class.

You can call or email us about dropping a class, but phone messages are not accepted.

If you do not drop the class in a timely fashion, your account will be charged for the cost of the class.

Wireless Security Cameras Mini Course

2wks

Security has become a major concern for anyone who is leaving their home unattended for extended periods of time for various reasons such as vacation. Regardless of whether you go out daily or even if you're out for longer periods of time, the questions of security is always important. This class will explain wireless security cameras selection and installation. Are you ready to experience great security camera system features for an affordable price?

Prerequisites: None

Wednesdays-October 26 to November 2

8am-11am or 4pm-7pm

Location: Leon Lynch

Instructor: George Zahariadis

SIGN UP TODAY

If you see a class you are interested in, please call and sign up right away.

We will cancel a class the week before if there are not enough students (5) to run a class.

**DON'T WAIT,
IT MIGHT BE TOO LATE!!!!**

Live and Online classes are offered at Leon Lynch Learning Center and at JobLink.

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. \$2,500 in tuition assistance.

Issuance 14

Students who have an educational and career goal in mind and need more than \$2,500 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$4,500 yearly.

Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if; that retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.

in person

Stop by our office Monday through Friday
between 8:00am to 4:00pm.

how to register

Mission Statement

The Leon Lynch Learning Center career development program is established to prepare the Steelworker for opportunities outside the employment of the steel mill and making them a more rounded individual.

Office Hours

Mon through Fri
8:00am to 4:00pm

Leon Lynch's Local Joint Committee

Steven Serrano
USW Local 1011 Co-Chair

Roger Hughes,
Cleveland Cliffs Company Rep.

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. The benefit will pay \$2500 in tuition assistance.

Issuance 14

Students who have an educational and career goal in mind and need more than \$2,000 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$4,500 yearly.

Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if: That retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.

Look for the ♦

If space is available, any class with a diamond (♦) next to the title is a class that Local 1011 and 1010 spouses and retirees are eligible to take. Classes without a diamond (♦) next to it are for active steelworkers only!
