Did you know in order for a spouse of an active steelworker to take a class, the active steelworker must have taken AND completed a class yearly BEFORE the spouse can register?

technical

Appliance Repair

10wks

This introductory class will teach students how to operate and maintain their home appliances such as washers, dryers, ranges, microwave, and refrigerators. Expect a hands-on class where students will learn to break down, troubleshoot and repair major appliances. Prerequisites: None

Wednesdays- April 5 to June 7

8am-11am or 4pm-7pm

Location: Leon Lynch

Instructor: Roland Alvarez

Build Your Own LED NEON Signs

4wks

The demand for the custom neon sign market is increasing for small businesses, startups, the entertainment industry, private parties, as personalized gifts, and marketing tools. LED neon signs are made using the same basic concept as neon signs. The difference is, they are made of eco-friendly LED flexible lights and look just as good as ordinary neon signage, however, they are lighter, generate no heat and don't make any noise. In this class you will learn how to design and create LED neon signs for personal use, gifting, renting or selling. Prerequisites: None

Wednesdays- June 7 to June 28

8am-10:30am or 7pm-9:30pm

Location: Leon Lynch

Instructor: George Zahariadis

NEW

Fundamentals of Digital Portrait Photography

5wks

This class is geared toward teaching those who always wanted to learn the art but need somewhere to start. This class will have students using the equipment they already own, whether it be a smartphone, digital single lens reflex (DSLR), or mirrorless camera. Students will also learn how to use available light to craft their ideal image. On top of that, they will learn to build a rapport with their subjects, which allows more engaging moments. Prerequisites: None

Tuesdays- May 2 to May 30

9am-10:30am or 3:30pm-5pm

Location: JobLink

Instructor: Daveed Holmes

◆Guitar Instrument Open Lab

5wks

In this course you will learn the basic techniques for construction and maintenance of guitar and other string instruments. You can begin the process to construct your own guitar or string instrument or can bring in your existing instruments for tune-up maintenance including neck and fingerboard set-up and fret adjustment, string action and intonation and repair of cracks and surface refinishing. This course can also be used as open lab time for those who are working to complete their instrument from previous workshop classes. Prerequisites: None

Saturdays- June 3 to July 1

9:30am-1pm or 3pm-6:30pm

Location: JobLink

Instructor: David Dolak

technical

How to Properly Sharpen a Lawnmower Blade 1wk

Is your lawnmower having difficulty mowing the lawn? Does your lawn have a clean cut look when finished? Maybe it's time to sharpen the blade on that mower. In this one day class, learn how to safely remove the blade, determine if it is sharpenable, properly sharpen it, balance the blade, and reinstall. Prerequisites: None

Monday- June 12
8am-11am or 3pm-6pm
Location: JobLink
Instructor: Mike Daly

◆Lawn Equipment Maintenance and Repair

12wks

Whether a fresh foot of snow has fallen or spring is here. This is your opportunity to save big by bringing in your equipment to class for tune-ups, minor repairs, or complete overhauls. Mowers, tractors, tillers, chain saws, trimmers and blowers. A good time to prepare or repair all of these machines. You will save the labor charge (\$80-92.00 per hour) and usually get your equipment in working order before the repair shop can. Prerequisites: None

Thursdays- June 29 to September 14
8am-11am or 3pm-6pm
Location: JobLink
Instructor: Mike Daly

MTE Prep

12wks

This 12-week course will introduce students to topics related to industrial electrical maintenance and troubleshooting of AC/DC circuits and motors, print reading, analog and digital circuits, test equipment, computers, DC crane control, power distribution, PLC's, power supplies, transformers, instrumentation and hydraulics. This course is for students who want to take the Ramsay test, or get a better understanding of MTE principles. Prerequisites: None

Thursdays- June 8 to August 24
9am-12pm or 3:30pm-6:30pm
Location: JobLink
Instructor: Joseph Hynek

woodworking

Dale Meiners & Nick Nash

◆ Custom Projects

15wks

Woodshop Custom Projects gives you access to JobLink's state of the art woodshop to build something not listed in the catalog, or to finish a project from a previous class. Bring in your ideas, and images of something you would like to build, and we will combine all the best ideas into an accurate 3D rendering. Get inspired by wood choices, finishes, and other projects in the shop. Learn how to use all the machinery and some hot tricks to work better and faster! Prerequisites: None

Wednesdays- May 10 to August 23

No Class: July 5

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Dale Meiners

◆ Herman Miller Platform Bench

15wks

The Herman Miller Nelson 48" Wide Platform Bench is beautifully designed with clean lines, giving it an architectural silhouette. Build this bench with the wood of your choice. Custom lengths are available. This Bench retails at Herman Miller for \$1,695! Help build this bench for the next Tino Fulimani Scholarship Raffle at JobLink. Instruction is free for this class. Prerequisites: None

Tuesdays- May 9 to August 22

No Class: July 4

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Dale Meiners

FREE CLASS
Register Today!

◆ Holiday Projects from Wood

12wks

It's never too late to think about the holidays. In this class we will learn how to design and build yard ornaments. Choose from patterns or design your own. If that's not something you want, then maybe you have an unfinished project from an earlier class that you want to finish. Prerequisites: None

Mondays- May 1 to July 31

No Class: May 29 and July 3

9am-12pm or 3pm-6pm

Location: JobLink

Instructor: Nick Nash

See page 13 to see what Nick Nash and his woodshop class has been building for the community

business

Accumulating Wealth and Generating Income 3wks

This 18-hour seminar/workshop will explain how to protect your investments in up or down markets. Participants will learn how to use seasonality, sector funds and Actively Managed Mutual Funds in Cleveland Cliffs, Posco, Summit Tires, Bridgestone and ATI's 401k. In addition, institutional trading restrictions and the recently created Roth 401k will be discussed along with The Secure Act, Social Security, Inheritance Laws and 401k Rollovers. Prerequisites: None

Tuesdays AND Wednesdays- June 6 to June 21

9am-12pm or 3:30pm-6:30pm

Location: ZOOM ONLY

Instructor: Steve Williams/Phil Seki

Business Planning III: Finalization of a Business Plan

8wks

This course allows the participant the opportunity to complete a final draft of a business plan. The final draft will include an operational plan, a management plan, a marketing plan, and a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow projection. Spouses are welcome to attend at no charge. Prerequisites: None

Thursdays- May 18 to July 13

No Class: June 29

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch

Instructor: Scott Williams

How to Keep Records in a Small Business 6wks

Keeping good and thorough records in a small business is a must. The business owner must know how his/her financial status is at all times. This course is designed to teach a simple method to track money coming in and out of a business. The information is critical in maintaining accurate financial records for taxation purposes. This course will provide you the ability to develop customer/vendor databases, recording expenses, writing checks, creating sales receipts and invoices, tracking inventory and bills to be paid. Do not lose sleep over whether or not your records are in order. Prerequisites: None

Wednesdays- May 17 to June 21

8am-10am or 4pm-6pm or 6pm-8pm

Location: Leon Lynch

Instructor: Scott Williams

Taking Stock in Your Life & Finances

6wks

The intention of this course is to introduce new-found confidence and understanding of the markets and how they may affect individuals in their financial growth and retirement. This course will teach students how to remove the media noise and biased opinions from the news heard and seen daily. Students will learn to make financial decisions with clearer minds, based on probabilities of success and reduced risk. Students will learn to trade the stock market from very basic concepts to more advanced trading strategies. Students will also learn how to build strong lists of stock and mutual funds. Prerequisites: Computer available for viewing classes, in the comfort of the student home, if desired. Each student once registered for class by JobLink, shall submit their emails to tomcook1124@gmail.com, in order to be admitted into each live class session.

Tuesdays- May 9 to June 13

10am-12pm or 4pm-6pm

personal development

Charcuterie & Craft Workshop

1wk

Do you love meat and cheese? This class is for you! Learn how to create a charcuterie arrangement with various meat and cheese pairings. Then, you will paint and stain a wooden project of your choice!

Visit <https://www.cheeseandcrafters0@gmail.com> with your selection one week before class date!

Prerequisites: None

Wednesday- July 19

5pm-8pm

Location: Cheese & Crafters LLC

104 E. Joliet St., Schererville, IN

Instructor: Lauren Dinterman

Container Gardening

1wk

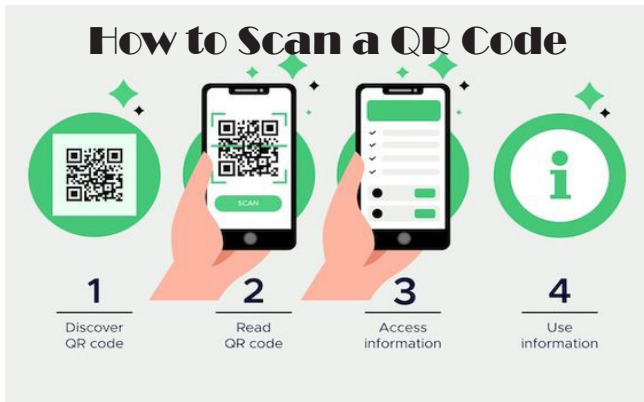

Would you like to attract hummingbirds and butterflies to your yard? Come and plant some gorgeous flowers in a unique container design you can put outside and then experience the relaxing view of these flying beauties, while providing them with an excellent food source! You will choose from native plants, design your container, and learn how to keep your flowers thriving all summer long. Prerequisites: None

Monday- May 15

9am-10:30am or 3pm-4:30pm

Location: JobLink

Instructor: Janet Gatto

Easy Guitar

12wks

Easy Guitar is taught by award winning performer and Zoom educator Eric Lambert and is designed to help you realize your dream of playing the guitar. It's called Easy Guitar because...it's easy! The class will be broadcasted via Zoom on your digital device and all classes will be recorded, saved and made available for everyone in the class to view whenever and as often as you'd like. Eric will also be available via email for questions and additional Zoom sessions if needed. We'll start with the basics and you'll be playing your favorite tunes shortly thereafter. Have Fun! Play Guitar! Prerequisites: Own a Guitar

Mondays- May 1 to July 31

No Class: May 8 AND May 29

11am-12pm or 3pm-4pm

Location: ZOOM ONLY

Instructor: Eric Lambert

Golf 1: Introduction to Golf

5wks

PGA Golf Instructor for Scherwood Golf, Jeff Zurawicz, is conducting a five-week course at Scherwood Golf. Bring your clubs, if you don't have any, clubs may be provided. Casual dress and shoes are fine. Prerequisites: None

- Learning basic fundamentals of golf and the golf swing.
- How to grip the club, aim to your target and stand to the ball.
- What club to use and when to use it.
- How to putt and to hit shots around the putting green.

Learn to Play Piano/Keyboard

10wks

Levels: 1, 2, 3, 4 or 5

This class is designed for all levels of piano students. Learning and playing the piano/keyboard can open up an incredible door of creativity for you, as well as a fulfilling life of music making. Learn from an instructor with over 45 years of playing experience and over 30 years of teaching experience. The instructor will work with groups and individuals based on their piano level. This class is available on-site, or can be Zoomed with instructor online, or can be a hybrid class (on-site and/or Zoom). Students who took a class before can sign up to continue to enhance their piano skills.

Prerequisites: None

Tuesdays- May 2 to July 11

No Class: July 4

10am-11am or 3:30pm-4:30pm

Location: Leon Lynch AND/OR ZOOM

Instructor: Frances Zahariadis

Organic Gardening

1wk

Have you ever wondered what organic gardening is all about? Come learn the basics of how to grow your veggies in a way that is more healthy for you, your family, and the environment! You will choose from a variety of organic herb and vegetable starts to take home and plant in your own garden.

Prerequisites: None

Thursday- May 25

9am-10:30am or 3pm-4:30pm

Location: JobLink

Instructor: Janet Gatto

NEW

personal development

◆ Piano/Keyboarding Open Lab

1wk

The purpose of this Open Lab is to reacquaint students with the piano/keyboard by giving them the opportunity to ask questions and also address possible challenges they may be facing. The instructor will have extra materials and exercises available to help you focus on piano skills that need strengthening. This class is available to past piano/keyboarding students and is a great opportunity to prepare you for the next level of piano/keyboarding. Open to retirees that have taken any level of Piano/Keyboarding in the past Prerequisites: Must have taken or currently taking Learning to Play the Piano/Keyboard classes (Any Level)

Thursdays- May 11, May 25, June 8, June 22, August 3, August 10

1pm-5pm

Location: Leon Lynch

Instructor: Frances Zahariadis

Porch Planter Workshop

1wk

If you've always wanted to make your own porch planter but you're not sure how to start, then we have the answer! All materials and instruction are supplied. You must choose your design by May 3rd at the latest, so that you are able to choose your project before the class starts. You can find all of the choices here:

Please email cheeseandcrafters0@gmail.com with your selection one week before class date!

Prerequisites: None

Wednesday- May 10

5pm-8pm

Location: Cheese & Crafters LLC

104 E. Joliet St., Schererville, IN

Instructor: Lauren Dinterman

Stained Glass: Spring Projects

8wks

In this course you will learn the basic fundamentals and expand your knowledge of the copper foil technique in stained glass. There is a large variety of glass and other materials that can satisfy any level from beginner, intermediate to advanced. Spring into an enjoyable experience that will offer a challenge for the most creative imagination. Prerequisites: None

Mondays- May 1 to June 26

No Class: May 29

10am-12:30pm or 2:30pm-5pm

Location: Suncatchers

1348 119th St., Whiting, IN

Summer Sign Workshop

1wk

If you've always wanted to make your own beautiful wood sign but you're not sure how to start, then we have the answer! All materials and instruction are supplied. You must choose your design by May 31st at the latest, so that you are able to choose your project before the class starts. You can find all of the choices here: cheeseandcrafters.com.

Please email cheeseandcrafters0@gmail.com with your selection one week before class date!

Prerequisites: None

Wednesday- June 7

5pm-8pm

Location: Cheese & Crafters LLC

104 E. Joliet St., Schererville, IN

Instructor: Lauren Dinterman

◆ Look For the Diamond

If space is available, any class with a diamond (◆) next to the title is a class open to spouses of active Local 1010 and 1011 and retired Local 1010 and 1011 steelworkers. Classes without a diamond next to them are for active steelworkers only.

skill building

Fun Dog Obedience and Manners Training!

4wks

This fun class teaches obedience to dogs & good handling skills to owners. Through positive reinforcement, fun games & fear-free methods, dogs will learn to pay attention to you. They will follow through on cues or commands, walk nicely on leash, come when you call and have nice manners both indoors and out! It's fun and training equipment is included. Good human-canine communication is gained, strong relationships are established for better behaved dogs. Using humane methods the teams work together to build strong cohesive bonds. Dogs are healing & highly therapeutic! Prerequisites: All dogs must be fully up-to-date on vaccinations and show proof prior to first class. Also, no puppies under 5 months old. Shy, timid or barky dogs are welcome! Aggressive dogs are not. Only 1 dog per student.

Tuesdays- May 2 to May 23
12pm-1pm or 5:30pm-6:30pm

Location: Gilly's Dog House
102 Brown Ave., Chesterton, IN

Instructor: Bobbi-Lynn Riley Caparella

◆Fundamentals of Beekeeping: Hive Management

1wk

Full-time beekeeper, Nicky Jones, is offering this follow-up class to Fundamentals of Beekeeping: Getting Started. By the time this course is offered, you should be a new beekeeper with an equally new colony of honeybees or possess a basic understanding of what it is to be a beekeeper and how to get started. This is a deeper dive into managing a colony of honeybees. We will cover topics such as performing a hive inspection, controlling pests and parasites, identifying and treating disease, and wax and honey production.

Prerequisites: None

Wednesday- May 3
9am-12pm or 3pm-6pm

Location: JobLink
Instructor: Nicky Jones

How to Become a Notary

1wk

Have you ever needed to get a notary to notarize your paper? Was it expensive? Come to this class and learn what it takes to become one. You can earn good money as a notary!

- Learn what the qualifications are to become a Notary.
- Learn how to fill out the forms and take the on-line course.
- Learn everything you need to know once you become one (How much you can charge, how often you need to re-apply, etc.).

Wednesday- May 10
10am-12:30pm or 3pm-5:30pm

Location: JobLink
Instructor: Patti Boyer

Tino Fulimeni Scholarship

Tino Fulimeni was a lifelong Steelworker who rose to Special Assistant to former USW President George Becker. Tino was a great supporter of the Career Development Program. He believed very strongly in education for Steelworkers and the value of the learning process. This Institute for Career Development scholarship is a tribute to Tino and all he stood for and fought for. He would be proud that we are giving money in his name to young deserving children or grandchildren of Steelworkers to support their education.

Rules of Eligibility

- Must be a child/grandchild of a Steelworker currently eligible to participate in the Career Development Program
- Must have a 3.0 GPA and must provide a transcript if selected.
- Must be a college student starting or returning to college in the Fall of 2023 or the Spring of 2024

Winners Selected Winter of 2023

9am-12pm or 3pm-6pm
Location: JobLink
Instructor: Dale Meiners

Community Project

Little Libraries

The Little Libraries were made possible with the partnerships of Local 1010 Union Hall, East Chicago School District, East Chicago Park District, and JobLink.

- JobLink's Woodshop Instructor, Nick Nash along with his students, built six of the little libraries in the JobLink woodshop. Nick built some of the libraries out of old kitchen cabinets and he used plexiglass for the doors of the libraries. The plexiglass was at one time used in JobLink's main office during Covid.
- Central High School in East Chicago, Indiana will have their students from their art classes paint and decorate the libraries. Students will submit a drawing to their teachers and six students will be chosen to paint each library.
- The libraries will then be donated to six parks throughout East Chicago.
- Local 1010 union members will install the little libraries in the chosen six parks.

JobLink would like to extend our gratitude to all those who contributed to this project's success.

Nick Nash, Joblink's Woodshop Instructor

JobLink's Woodshop Students

Arthur Delgado • Larry Miles • Jeff Noel

Vanessa Hernandez-Orange, Director of Parks & Recreation

Ms. Smith, Central High School Art Teacher

Ms. Cavallaris, Central High School Art Teacher

Local 1010 Union Hall

JobLink has their own Little Library located on the deck connected to the main office (door 1) at JobLink. Take a book and/or share a book!

Electrical Vehicle Station

Did you know JobLink has a EV Station for your electrical cars? The EV station was installed in 2021 by Bill Cameon, JobLink's Electrical Instructor and his students. The EV station is located on the northwest side of JobLink's building next to door 15.

Thomas Conway, International President of the United Steelworkers, presented the EV Station Video to the National Labor and Management Conference, on February 17th in Hollywood, Florida. The EV Station is a great example of investing in the future. Please scan the QR code and watch the video that the ICD developed.

fitness

Full Spectrum Health and Wellness

6wks

Full Spectrum Wellness is a comprehensive program designed to educate on the importance of nutrition and exercise. Those attending will learn the role of health, nutrition, physical activity, and wellness in daily life. Topics include: assessment of one's personal health, nutrition and meal preparation, improving personal fitness, and identifying changes and practical application that will enhance lifelong health. A one-year membership to Full Spectrum Fitness is included upon completion of this course. Members will be provided with a fitness center tour and machine/apparatus demonstration. Prerequisites: None

Thursdays- May 4 to June 8

8am-9am or 7pm-8pm

Location: Full Spectrum Fitness

1516 Main St., Crown Point, IN

Instructor: John Brant

Introduction to Partnership Dancing

6wks

This class will be a six-week series designed to teach how to dance with a partner. You will learn three dance styles from different parts of the world. We will introduce you to ballroom dancing and Latin dancing. We will also focus on how to be a better leader or follower on the dance floor. Partner not required, but highly recommended. Prerequisites: None.

Thursdays- June 1 to July 6

9am-10am or 6pm-7pm

Location: Second Street Dance Studio

121 E. Joliet St., Schererville, IN

Instructor: Tyler Dean

Lifestyle Intervention Program

12wks

The Lifestyle Intervention Program focuses on the root cause of chronic disease and begins to reverse disease rather than simply manage it. It is a systems approach that identifies nutrient deficiencies, toxicities and food sensitivities to determine corrective nutrition protocols which can result in significant improvement to biometric markers in the areas of autoimmune, digestive and hormonal issues. Students will pay \$56 for blood work. Prerequisites: None

Thursdays- May 4 to July 20

9:30am-10:30am or 4pm-5pm

Location: JobLink

Instructor: Desiree Brummett

◆Mindful Stress Reduction

4wks

Stress is a global public health problem with several negative health consequences, including anxiety, depression, cardiovascular disease, and suicide. Mindfulness-based stress reduction offers an effective way of reducing stress by combining mindfulness meditation and yoga. We will practice meditation/mindfulness and basic yoga that can be done on the floor or chair. Each student will leave class with a binder of information and a book *The Body Keeps the Score* about how stress can affect the body and the impact of basic yoga and mindfulness to positively impact health. Prerequisites: None

Thursdays- June 1 to June 22

8:30am-10:30am or 3:30pm-5:30pm

Location: JobLink

Instructor: Robin Sizemore

◆Yoga

13wks

After many years we experimented with a new format for this class and students love it! Two great classes combined into one session. We offer a Wednesday mat floor yoga class and Friday is a modified and gentle-seated yoga class. This offers you the student options of how you can tailor your yoga experience for what best suits your schedule and needs. You have the option each week to choose one class or the other. Better yet go to both, the choice is yours! Beginners to experienced are ALL welcome. Easy to follow, relaxing, and most importantly FUN! Prerequisites: None

Wednesdays AND Fridays- May 3 to July 28

3:30pm-4:30pm

Location: JobLink

Instructor: David Potesta

technology

DIY 3D Printing

5wks Introduction to Computer Programming Using Python Language

5wks

In this class you will be able to purchase one of the most popular 3D Printers in the market, a Creality Ender-3 3D Printer for \$35 and assemble in class. This class will take you through the essentials of 3D printing. We will explore 3D printer hardware and the print process and then examine the software that enables you to create, modify, and print 3D models. We will use free software and free apps that let you create 3D objects into 3D models using your personal 3D Printer.

Prerequisites: None

Wednesdays- May 3 to May 31

8am-10:30am or 7pm-9:30pm

Location: Leon Lynch

Instructor: George Zahariadis

NEW

Glass Etching with Vinyl Stencils

2wks Introduction to the Virtual Reality World

4wks

Glass etching can be a scary term for anyone who's never done it, but it's surprisingly simple. It involves applying etching cream over a stencil to give a glass a unique design. In this class we will learn how to create designs or sayings to cut vinyl stencils using a vinyl cutter and apply them on glassware with a special etching cream to enjoy your permanently etched, custom design! Creating custom etchings on glass is a perfect way to make money selling personalized glassware designs. Prerequisites: None

Thursdays- June 8 to June 15

8:30am-10:30am or 4:30pm-6:30pm

Location: Leon Lynch

Instructor: George Zahariadis

NEW

This course introduces you to programming using the Python programming language which is one of the most popular programming languages worldwide. This course shows you how to use your Raspberry Pi or Computer with the free open-source PyScripter IDE for Python to write basic programs using concepts such as functions, variables, If Else statements, loops, and algorithms. This course will be of great interest to all learners who would like to gain knowledge and understanding of the basic components of computer programming using the Python language.

Prerequisites: None

Tuesdays- May 2 May 30

9am-11:30am or 3:30pm-6pm

Location: JobLink

Instructor: George Zahariadis

NEW

Introduction to the Virtual Reality World

In this class you will learn what Virtual Reality is, what type of equipment is available, what the future of Virtual Reality will be, how to use VR hardware devices and become comfortable in using headsets with wands and other accessories. You will be using VR equipment that places you in computer-generated spaces that are believable, interactive, explorable and immersive. Come see for yourself what will be a common household and work environment item in the near future, and how to get familiar and comfortable working in a Virtual Reality world. Prerequisites: None

Fridays- May 19 to June 16

No Class: June 9

9am-11:30am or 3:30pm-6pm

Location: JobLink

Instructor: George Zahariadis

NEW

technology

Laser Engraving with XTOOL

5wks Sublimation Printing

3wks

In this class we will learn how to prepare images, patterns and letters to laser engrave directly on wood, leather, plastic, metals, fabric, and stones. Come to this class and find out how to laser engrave your designs and create gifts, or create custom acrylic or wooden signs, custom ceramic tiles for your home or for selling. This class along with the sublimation and/or vinyl cutting class can become a great part-time or full-time promotion/advertising business. We will be using the new Xtool Laser Engraver with rotary tool, this allows us to engrave circular objects.

Prerequisites: None

Wednesdays- May 24 to June 21

11:30am-2pm or 3:30pm-6pm

Location: USS ICD

1066 Ridge Rd., Gary, IN

Instructor: George Zahariadis

Sublimation printing is the method of applying an image and sayings to specially coated hard surface items such as ceramics, metals, fiber board and polyester cloth, using three main ingredients: sublimation ink, heat and pressure. In this class you will learn to use software to prepare your photo for the sublimation process and to use the special equipment required for the sublimation coating process. Come to class and bring your picture and/or phrase and choose an item such as a mug, t-shirt, a frame, box, or keychain and use the equipment to sublimate and take or give as a gift or sell. Prerequisites: None

Tuesdays- June 6 to June 20

8am-10:30am or 7pm-9:30pm

Location: Leon Lynch

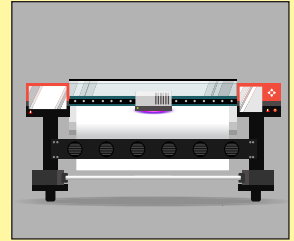

Instructor: George Zahariadis

How to Scan a QR Code

technology

◆Technical Open Labs

1wk

We have open labs available for you. Bring your slow or broken computer, laptop to lab so we can take a look and help you with repairs or upgrades. We can backup your data, upgrade, and check your computer/laptop for viruses or malware in this lab. If you have any alarm system, security camera, cell phone or tablet questions or repairs, this will be your opportunity to come talk to George, our instructor. Come and use our sublimation, vinyl cutting, laser engraving and 3D Printer equipment. Prerequisites: None

**Thursdays- May 4, May 18, June 1, June 22,
August 3, August 10**

8am-10:30am or 4:30pm-7pm

Location: Leon Lynch

Instructor: George Zahariadis

Ultraviolet Light (UV) Printing

2wks

UV printing is a distinctive form of printing that involves the use of ultraviolet (UV) light to cure or dry UV ink almost as soon as it is applied to a prepared substrate. You can UV Print on several different materials. Come to this class to see how to UV print using custom UV Printers and Ink. You can use UV printing to create custom advertising and marketing on materials such as fabrics/apparel, plastics, glass, metals, mugs, and cell phone cases. These are just a few items that a UV printer can be used to customize. Essentially, if you can imagine it, you can design it & UV print it. Prerequisites: None

**Tuesdays AND Wednesdays- August 1 to August 9
9am-11:30am or 4pm-6:30pm**

Location: Leon Lynch

Instructor: George Zahariadis

Restricted Classes

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. \$2,500 in tuition assistance.

Issuance 14

Students who have an educational and career goal in mind and need more than \$2,500 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$4,500 yearly.

Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if; that retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.
