Custom Courses open to current active Steelworkers

- Classes are held at the Mon Valley ICD Training Center & at area locations of Education Providers (See page 5).
- A minimum of five (5) active USW members must be enrolled per class
- Retirees and Spouses may participate as per the ICD Policy guidelines
- Members are limited to 2 Personal Development courses (in Arts/Crafts/Music, and Health/Fitness/Recreation) per year (maximum of \$1250 per participant).

Tuition Assistance:

All USW members employed by U. S. Steel are eligible to receive up to \$1,800 annually in tuition assistance toward an approved, accredited program.

Students actively pursuing education for career advancement through an accredited degree program may qualify to combine their funds up to \$3800 per year until completion. Contact the ICD Coordinator to complete an Issuance 14 EDP (Educational Development Plan) to begin the approval process.

Highlights

Beginning in 2018, the ICD will produce a Spring and Fall Schedule of Training and Education (Custom Courses) in a full-size catalog. Registration will be online through the website or by calling the ICD. Activities and events scheduled for Summer months will be posted on the web site only (no Summer catalog).

**Many new courses are
being offered this Spring!**

Look for the “NEW” symbol next to courses such as Windows 10 – Intro Plus, Stained Glass, Adobe Photoshop, Advanced Welding and more!

Back by popular demand – First Year Beekeeping, Hot/Cold Smoking, Understanding and Optimizing Investment Choices, Heavy Equipment Operator, Auto Body Repair & Detailing, and Small Engine Repair.

**Remember to register early
as class sizes are limited.**

Our Education Providers and locations are listed on page 5 and have been given a code that is listed with the course information. Any classes held at the Mon Valley ICD Learning Center will be indicated by **MV ICD**.

**Some courses are for Active USW employees
only and are noted in the course descriptions.**

Active USW employees only

ICD Programs

ICD Programs are offered to active USW employees only

Pre-Learner Maintenance Training Program* (online)

As per the Labor Agreement, this standardized training offers employees the opportunity to acquire the necessary skills and knowledge to potentially test at a higher level in order to enter the U. S. Steel Maintenance Technician Learner program. This program is self-paced through access to online Mechanical, Electrical, or Systems Repair topics correlating to the competencies required for Maintenance Technician. Valid Email address is required. Contact the ICD Coordinator to enroll.

* Completion of the online training does not guarantee qualification for a Maintenance Technician position or entry into the Learner Program.

Commercial Truck Driver (CDL) Training – Class A & B

All-State Career School (West Mifflin, PA) offers customized training in tractor trailer driving toward obtaining a CDL license as a Class A or B operator. This 100-hour program combines classroom theory and on-the-road instruction with qualified instructors to prepare for the operator exam. Valid driver's license and physical exam will be required to obtain a CDL permit prior to training. Contact the ICD Coordinator to enroll.

More Information about All-State Career School at www.allstatecareer.edu

USX Fitness Trainer Program

Located at the Center for Fitness and Health (Belle Vernon, PA), this 36-month program offers a well-balanced combination of nutrition education and workout techniques to develop exercise regimens and a healthy lifestyle. Professional fitness trainers provide instruction and motivation at weekly classes, scheduled multiple times and days to accommodate shift work. New classes begin quarterly. Contact the ICD Coordinator to enroll.

More information about the Center for Fitness and Health at www.myhealthplex.com

ToolingU Manufacturing Skills Training (online)

With more than 500 unique online classes, ToolingU provides training in an easy to navigate, interactive web-based environment. Comprehensive topics can be accessed through any internet connection 24/7 and include competencies in maintenance, engineering, welding, machining, safety and much more! One-year subscriptions are available. Contact the ICD Coordinator to enroll.

Catalog of courses and more information about ToolingU at www.toolingu.com

Contact the ICD Coordinator for more information and to enroll in these ongoing ICD Programs.

Education Provider codes (referenced in the course information) are in **bold** with class location address listed below. (MV ICD) indicates classes held at the Mon Valley ICD Learning Center

Education Providers

(CCAC) Community College of Allegheny County – South Campus
1750 Clairton Blvd Route 885
West Mifflin, PA 15122
www.ccac.edu

CCAC offers both credit and non-credit courses at their four main campuses as well as area centers throughout Allegheny County. As an accredited institution, most CCAC courses are approved for Tuition Assistance and eligible for Issuance 14 reimbursement. Through their Workforce Development program, CCAC continues to provide quality training through custom courses as well as online learning.

(DEC) Douglas Education Center
130 7th Street
Monessen, PA 15062
www.dec.edu

Douglas Education Center continues to transform itself by offering education and training to meet today's career opportunities. From their globally renown creative programs to health care and skilled trades, DEC offers accredited programs as well as ICD custom courses at their fascinating campus in downtown Monessen.

(IR-2227) Local Union 2227 Hall
1301 Phillip Murray Road
West Mifflin, PA 15122

(PIA) Pittsburgh Institute of Aeronautics
Heavy Equipment Range
1200 Lebanon Road
West Mifflin, PA 15122

Known for aircraft mechanics training, PIA has expanded into Heavy Equipment Operation and Commercial Trucking. Through a negotiated program with the Mon Valley ICD, members can take 40- hour training in Heavy Equipment operation in just two weekends! PIA is also working to provide a continuous program that would result in achieving their accredited diploma in 160 hours.

(PTA) Professional Training Associates, Inc.
46 S. Linden St.
Duquesne, PA 15110

Professional Training Associates is a leading provider of environmental health and safety training, specializing in OSHA and EPA required courses such as those governing asbestos and lead activities.

(SC) Steel Center for Career & Technical Education
565 N. Lewis Run Road
Jefferson Hills, PA 15025
www.steelcentertech.com

A long-time partner with the Mon Valley ICD, Steel Center has provided custom courses in a variety of interests from culinary and automotive, to construction trade skills. In addition, they offer accredited Adult Education programs in Nurses Aid, Practical Nursing, and Pennsylvania State Inspection and Emissions Certification. They also collaborate with Ed2Go, offering online training of an array of topics.

(WC-ATC) Westmoreland Community College – Advanced Technology Center
1001 Technology Drive
Mt. Pleasant, PA 15666
www.westmoreland.edu

Westmoreland College's state-of-the-art Technology Center provides experiential learning relevant to today's industries. Credentialed courses are offered in Welding, HVAC, Machining, Design, and Industrial Maintenance. Additionally, custom courses are offered in partnership with the Mon Valley ICD throughout the year.

Automotive

Emissions Inspection Certification*

Motor vehicle pollution control systems in vehicles subject to emissions testing are required to be tested once during the period for which vehicle registration or renewal is issued. Upon successful completion of this course & testing, individuals will earn the PA Emissions Inspector Certification. Students must be at least 18 years old to become a certified inspector and must possess a valid PA driver's license. Class size limited to 5. *Choose only one series*

Wednesdays & Thursdays 3/7 to 3/22
4:30 – 7:30
6 sessions
Trish Nelson

Spouse permitted to attend with active Union member registration. Retirees are not eligible.

No Broker, No Selling. This is an Educational Only Program!

This class has been immensely well received by the USW and consistently ranks among the top classes offered by ICD!

3/7 – Class 1:

Introduction – Investment Plans

The difference between Traditional 401k & Roth 401K. What are the advantages of tax deferred investments? How to make tax-free withdrawals after retirement.

3/8 – Class 2:

Mutual Funds and Index Funds

Learn about Mutual Funds, their different types & how to analyze Fidelity Funds in your 401k or an IRA. Class also covers market trends & the best time to invest in stocks and bond funds.

3/14 – Class 3:

U.S. Steel Stock Method

Learn how to get better returns investing in U.S. Steel Stock based on its cyclical pattern rather than just buy and hold.

3/15 – Class 4:

Sector Funds

Learn how to choose & invest in the correct market. This method has eclipsed all other mutual funds over the last 20 years.

3/21 – Class 5:

Stock Market Lingo and ETF's

Learn how to trade stocks using Market, Limit, & Trailing Stop Orders plus how to Short Stocks. Different types of Exchanged Traded Funds & their investment advantages will also be covered.

3/22 – Class 6:

Widely-Held Stock & Portfolio Design

Taking Advantage of undervalued stocks & mutual fund window dressing. Learn to design a portfolio for your investment goals.

Electrical Fundamentals

Students will learn the fundamentals of electricity including the basic tools needed and how to use a voltage tester and continuity tester. Learn how to install a 100-amp service from the weather head to the main panel, terminate the panel with branch circuits, and install circuit breakers. Also, installation of receptacle and lighting branch circuits will be covered using various energy saving devices. Class size limited to 10.

SC 108

Thursdays 2/8 to 3/1
4:30 to 8:30
4 sessions
Dave Hall

Small Engine Repair – Back to Basics

Starting with the basics, learn the how's and why's of small gas engines, 2 & 4 cycle engines, and air-cooled overhead valve small engines. During the hands-on portion, you will be able to bring in your own equipment, troubleshoot & repair it to your satisfaction. The instructor will oversee & guide you in your work. Repairs can consist of anything from minor tune-ups to complete overhauls. Class size limited to 20.

IR-2227

Wednesdays 1/31 to 4/4
4:30 – 7:30
10 sessions
Pete Kurka

Welding Fundamentals

Develop your welding skills through this course that combines practical theory & instructor demonstrations with hands-on practice in the welding booth. Safe & correct methods of equipment operation is emphasized along with supervised use of common tools used in basic oxyacetylene & arc welding. Preparation for AWS Certifications in multiple procedures is offered. PPE is required. Class size limited to 8

Choose either morning or evening series.

MV ICD Welding Lab

Tuesdays 1/30 to 3/6
4:00 – 7:00
6 sessions
Dennis Chew, CWI

Thursdays 2/1 to 3/8
8:00 – 11:00AM
6 sessions
Dennis Chew, CWI

Lead Renovation, Repair, and Painting

This course is required for any contractor or maintenance employee that will be conducting an activity in a pre-1978 house or child-occupied facility (daycare center) where paint will be disturbed. The training explains the steps necessary to keep the paint dust and debris from spreading to other areas in the house and the proper cleaning techniques. A certification lasting 5 years is provided upon successful completion. Class size limited to 8.

Choose only one session.

PTA Active USW employees only

Friday 2/16
8:00 – 5:00
1 session
John Curcio

Monday 4/16
8:00 – 5:00
1 session
John Curcio

PTA offers a full schedule of open enrollment courses, including OSHA 10 Hour Construction. To see their printable list of 2018 courses, go to <http://www.ptainc.com/sched.pdf>. (Registration is available online through their website for all other courses than those listed above.) Active USW members only may use Tuition Assistance funds towards any of these courses.
