technical

Appliance Troubleshooting II

(12wks)

In this course, students will work and troubleshoot newer models of major household appliances. This class gives you hands-on practice fixing dryers, washers, refrigerators and ranges. Check out some amazing new technology and how it works in this 12-week class.

Prerequisites: None

Wed - Jan 9 to Mar 27

Appliance Depot

4728 Hohman Ave, Hammond, IN

8am-11am

or **4pm-7pm**

Roland Alvarez

Basic Welding and Metalworking

(8wks)

Learn the basics of stick and arc welding as well as cutting and bending metal. Then use these skills for practical applications such as repairs for household items. But better yet, use your creativity to make items for your home such as basket hangers, railings, benches and even works of art. This class will be both practical and fun! **Prerequisites: None**

Mon - Jan 14 to Mar 11

No class Jan 21

JobLink

8am-11am

or **3:30pm-6:30pm**

Bill Cameon

◆ Build a Table

(15wks)

Dining room tables are a focal point in your home, so come to JobLink's woodshop and make an amazingly beautiful table -for your home! Tables are actually easier to build than you might expect, and if you build it yourself, you can own a \$5,000-\$10,000 table for the price of the wood. (This class also offers a wood allowance.) If you have a great dining table, take this class to build a coffee table, end tables, hallway table, sofa table, or any other table you would like. **Prerequisites: None**

Tue - Jan 8 to Apr 23

No class Mar 26

JobLink

9am-12pm

or **3pm-6pm**

Dale Meiners

Class A CDL Classroom Training

(10wks)

This Class A CDL Classroom Training Program is designed to provide you with the first 40 hours of the full training program as required by the FMCSA. Included in this training is the written material and instruction to help you obtain your Class A CDL Permit, along with DOT rules and regulations, safety, pre-trip inspection and more. You will then have the opportunity to enroll with Driveco CDL Learning Center to complete the driving portion of the Class A CDL Training leading to the state CDL skills exam. For more information, contact Karen Orosz, Driveco School Director at 219-887-3880. **Prerequisites: None**

Mon - Feb 4 to Apr 8

JobLink

8am-12pm or 4pm-8pm

Randall Williams

◆ DIY Woodshop Projects

(6wks/7wks)

In this course you will learn basic skills needed to complete useful items for use around the home. You can select a project or projects you would like to make for example, ball jar lighting, pallet signs or furniture, coat racks or shelves, even floating shelves. You could also use this time to finish other projects that you've started. If you are a more accomplished woodworker, so much the better! **Prerequisites: None**

(Session 1)

Thu - Jan 10 to Feb 14

JobLink

9am-12pm or 3pm-6pm

Nick Nash

(Session 2)

Thu - Feb 28 to Apr 11

JobLink

9am-12pm or 3pm-6pm

free

◆ Flooring: Learn to Install (7wks)

In this course, students will learn basic skills needed to complete and install different types of flooring. Students will also have the opportunity to work on a real life floor installing a new floor at JobLink. Hands-on learning at its best! **Prerequisites: None**

Mon and Fri - (Fri) 9am-12pm
Jan 28 to Mar 11 (Mon) or 3pm-6pm
JobLink Nick Nash

Introduction to Gas Furnaces (8wks)

Want to know how your gas furnace operates and how to diagnose problems with it? This eight-week class will cover what components are in a gas furnace, how it works and how to determine what needs to be done when it is not working correctly. Both lecture and hands-on learning will be used in this class. This class requires the student to have prior electrical knowledge or to have taken Introduction to Electricity for Heating and Air Conditioning. The class will meet once a week for three hours. **Prerequisites: Knowledge of electrical characteristics and how to use electrical test equipment.**

Fri - Feb 8 to Mar 29 8am-11am or 3:30pm-6:30pm
Leon Lynch Dennis Matney

◆ Lawn Equipment Maintenance and Repair (12wks)

A foot of fresh snow has just fallen and when attempting to start your snowblower, the starter cord snapped. When conditions were a little greener outside, your lawnmower was becoming increasingly hard to get started. Is your lawn equipment letting you down? Why not familiarize yourself with the equipment you own by taking this class and learning how to repair it. Students may bring in mowers, snowblowers, chain saws, and other machines for simple repairs or complete overhauls. **Prerequisites: None**

JAN
 (Session 1)
 ◆ **Tue - Jan 8 to Mar 26 8am-11am or 2:30pm-5:30pm**
JobLink Michael Daly
 (Session 2)
Mon - Jan 7 to Apr 1 8am-11am
 No class Jan 21 **or 2:30pm-5:30pm**
Leon Lynch Michael Daly

APR
 (Session 3)
 ◆ **Tue - Apr 2 to Jun 18 8am-11am or 2:30pm-5:30pm**
JobLink Michael Daly
 (Session 4)
Mon - Apr 8 to Jul 1 8am-11am
 No class May 27 **or 2:30pm-5:30pm**
Leon Lynch Michael Daly

Residential Wiring (8wks)

Participants in this eight-week class will learn conduit bending, wiring of switches, receptacles, and lighting fixtures, plus ways to wire three and four way switches and many more useful everyday residential electrical tasks. This class is aimed at teaching participants the safe way to do any electrical tasks at home by using the guidelines of the National Electrical Code. **Prerequisites: None**

Wed - Jan 16 to Mar 6 8am-11am or 3:30pm-6:30pm
JobLink Bill Cameon

technical

◆ String Instrument Repair (3wks)

Keeping ones guitar, bass, or other string instrument in top playing condition is important to any musician. In this course you will learn the basics of guitar/string instrument maintenance and set-up including neck, fingerboard and fret adjustment, balancing string intonation, setting proper string action, and repair of cracks and surface refinishing. Bring in your own instruments for a tune-up. Also, this can be used as open lab time for those who are working to complete their instrument from earlier workshop classes. **Prerequisites: None**

Sat - Feb 2 to Feb 16 **9am-1pm or 2:30pm-6:30pm**
JobLink **Dave Dolak**

◆ Upholstery for Chairs (7wks)

Let's reupholster your dining room chairs. Get rid of stains you can't clean and update to new fabric to make your chairs look like new! In this class, we will remove the old fabric and all of the old rusty staples. Check the wood seat base and replace if needed. Then you choose new fabric and rebuild your seat with new foam, batting, dust covers and fabric. We will also discuss repairing loose, wobbly chairs, which can be fixed in our woodshop. This seven-week class includes a \$50 fabric allowance which is perfect for four chairs. **Prerequisites: None**

Thu - Jan 10 to Feb 21 **9am-12pm or 3pm-6pm**
JobLink **Dale Meiners**

Wireless Alarm Systems Mini Course (2wks)

The types of alarm security systems can drastically differ in price, features, and quality. In this class we will compare and setup/install different types of wireless home security systems. This class will help you find the wireless system that best fits your household or business needs. Purchasing your own home or business security systems allows you to bypass the monthly fees if you use a non-monitored system. We will also show you how to save on monthly fees for a monitored system. **Prerequisites: None**

Thu - Mar 21 to Mar 28 **8am-11am or 7pm-10pm**
Leon Lynch **George Zahariadis**

Wireless Security Cameras Mini Course (2wks)

Security has become a major concern for anyone who is leaving their home unattended for extended periods of time for various reasons such as vacation. Regardless of whether you go out daily or even if you're out for longer periods of time, the question of security is always important. This class will explain wireless security cameras selection and installation. Are you ready to experience great security camera system features for an affordable price? **Prerequisites: None**

Thu - Apr 4 to Apr 11 **8am-11am or 7pm-10pm**
Leon Lynch **George Zahariadis**

◆ Woodshop Open Lab (15wks)

Woodworking Open Lab offers shop access to everyone who wants to use JobLink's amazing woodshop. Take this class to complete a project from a previous semester or to build something not listed in the catalog. Bring in your ideas, pictures of styles you like, and measurements of your space, and we will create plans and start building. First time Open Lab students receive a wood allowance, so that is covered, too! **Prerequisites: None**

Wed - Jan 9 to Apr 24 **9am-12pm**
No class Mar 27 **or 3pm-6pm**
JobLink **Dale Meiners**

NEW! **A Troll Adventure at Morton** (1wk)

Arboretum

Enjoy the outdoors and early spring landscapes as we hike the world-famous Morton Arboretum. We will see tree species from around the world in a beautiful and natural setting of rolling hills. Register for this family fun class and you and some family members will learn about how the glacial geology and human history combined to create this unique environment. You will also be able to see the popular 'Troll Hunt' - the fantastic, tree-sized sculptures created for the Arboretum by a Danish artist. You must register for this class by March 14th. **Prerequisites: None**

Sat - Apr 6 10am-12pm
Morton Arboretum
 4100 Illinois Route 53, Lisle, IL **Dave Dolak**

◆ **Basic Italian for Fun and Travel** (8wks)

This beginning Italian language course will take you through basic conversation topics including meeting and greeting; how and what to order in Italian restaurants; making reservations for hotels, cultural and sport events, restaurants, and rail travel. You will learn language skills which will enhance your trip to Italy and Italian Switzerland or just give you the satisfaction of learning to speak one of the world's most beautiful languages.

Prerequisites: None

Tue and Thu - 9:30am-10:45am
Jan 8 to Feb 28 or 3:30pm-4:45pm
JobLink **Sara Kaplan**

◆ **Basic Italian II** (6wks)

This course builds on students' knowledge of the Italian language and culture. Students will be able to hold basic conversations in Italian and improve their pronunciation and increase their vocabulary. **Prerequisites: Basic Italian I for Fun and Travel, or previous knowledge of Italian**

Tue and Thu - 9:30am-10:45am
Mar 12 to Apr 18 or 3:30pm-4:45pm
JobLink **Sara Kaplan**

free ◆ **JobLink Book Club** (1wk)

Fifty years after its original publication, *Catch-22* remains a cornerstone of American literature and one of the funniest—and most celebrated—books of all time. In recent years it has been named to “best novels” lists by Time, Newsweek, the Modern Library, and the London Observer. Join us for an enriching experience - read and discuss high interest books. This is not just for avid readers but also for those who just need a little push to read a book. Our discussions are always lively, fun and informative! **Prerequisites: None**

Wed - Feb 6 3:15pm-5:15pm
JobLink **Marcia Taylor**

NEW! ◆ **Keys to a Balanced Diet** (1wk)

Looking to make healthy lifestyle changes but don't know where to start? Wanting to improve your diet but confused by the tons of nutrition advice you read online, hear from friends, or see on TV? Join Registered Dietitian Nutritionist, Nicole Olen, to discover the foundations of healthy eating and ways to incorporate simple changes in your lifestyle today. With a food and nutrition expert, you'll be in good hands! **Prerequisites: None**

Mon - Jan 28 10am-12pm or 3pm-5pm
JobLink **Nicole Olen, RDN**

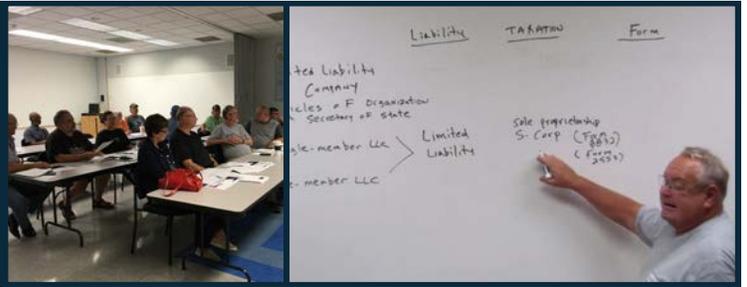

Learn CPR/AED (1wk)

CPR/AED trains you to respond to cardiac and breathing emergencies. The class includes adult, child and infant CPR, choking, and AED use. (Adult CPR teaches how to perform CPR on people 12 and older; Pediatric CPR - teaches how to perform CPR on people 12 and younger.) Each participant who completes this session will receive a certification card from the American Heart Association.

Prerequisites: None

Mon - Feb 18 9:30am-12pm or 3:30pm-6pm
JobLink **Pamela Otero, BSN, RN**

business

L&O Business Planning I - (8wks)

How to Develop a Business Plan

This is an introductory course in developing a business plan that requires no previous knowledge of the business planning process. This course will provide you with the ability to learn what is involved in developing a plan for a successful small business. You will learn about an operational plan, a management plan, personnel planning and finally a marketing and financial plan. Spouses may attend at no cost. Planning is the key to any business venture. Enroll today! **Prerequisites: None**

Thu - **8am-10am or 4pm-6pm**
Jan 10 to Feb 28 or **6pm-8pm**
Leon Lynch **Scott Williams**

L&O Business Planning II - (8wks)

Fine Tuning Your Business Plan

This course allows the participant the opportunity to complete an initial draft of a business plan. The initial draft will include an operational plan, a management plan, a marketing plan, as well as, a financial plan. The financial plan will include a comprehensive sales forecast, a profit and loss projection and a cash flow projection. Spouses are welcomed to attend at no charge. Please enroll today! **Prerequisites: None**

Thu - **8am-10am or 4pm-6pm**
Mar 14 to May 2 or **6pm-8pm**
Leon Lynch **Scott Williams**

◆ Buy or Sell a Home: Top Tips (1wk)

Whether you are buying a home or selling a home, this class will provide an overview of the home buying and selling process and tips for getting the most for you money. We will review the most common causes for a home not selling and issues concerning hazardous conditions like mold and radon. Topics like ventilation in attics and crawls, water due to seepage or condensation and what to look for in every home will be covered. We'll discuss how to update kitchens and bathrooms affordably. The class will also provide some proven methods for getting the lowest price possible when buying and how to sell at the highest level in any market. You'll find out why spending an extra \$5,000 when selling your home can get you double, triple or even quadruple your investment. **Prerequisites: None**

Wed - Apr 3 **9:15am-12:15pm or 3:30pm-6:30pm**
JobLink **Rich Wold**

spouse registration

DID YOU KNOW?- In order for a spouse of an active steelworker to take a class, the active Local 1010 or 1011 member must have taken AND completed a class BEFORE the spouse can register. This must be done every year for the spouse to be eligible to take classes at JobLink or Leon Lynch. Only classes with a diamond (◆) next to the title are classes that spouses of active steelworkers are eligible to take. Spouses may begin registering one week prior to the class start date- (see the Winter 2019 R/S List of Classes and Registration Dates on pg. 30 for details). If you are a spouse registering for the first time, you are required to fill out and submit a spouse eligibility form.

it's easy to register by phone!

JobLink: 219.399.8135 or 8136

Leon Lynch: 219.398.9363 ext. 112

Riverdale: 708.392.1083

How to Start and Run a Small Business (6wks)

Planning before starting is an important step toward operating a successful business. Many students have said to me that they wish they would have taken this course before starting a business. This is an introductory course that teaches the basics of starting any type of small business. The course will focus on licenses/permits, taxation, deductible expenses, insurance, record keeping, and legal forms of ownership. After you have taken this course, you will clearly understand what is required to start and run a small business. Spouses may attend free!

Prerequisites: None

Wed - 8am-10am or 4pm-6pm
Mar 13 to Apr 17 or 6pm-8pm
Leon Lynch **Scott Williams**

Federal Tax Returns Using Turbo Tax (3wks)

Bring your W2s and other necessary documents along with last year's tax forms to class and prepare your federal and state taxes. With Turbo Tax you can find missing information, overlooked deductions, and entries that could trigger audits. You also get money-saving tax advice for this year and next. Turbo Tax prints ready-to-file IRS approved forms on plain paper, or you could file your federal tax returns electronically to receive your refunds faster. *Tax laws and regulations change frequently and their application can vary widely based upon the specific facts and circumstances involved. Users are encouraged to consult their own professional tax advisors concerning their specific tax circumstances. ICD, USW, Z-Tech, and Intuit, disclaim any responsibility for the accuracy or adequacy of any positions taken by users in their tax returns. The above mentioned are not liable for any in direct, special, incidental, or consequential damages (including damages for loss of business, loss of profits or investments, or the like), whether based on breach of contracts, breach of warranty, tort, (including negligence), product liability or otherwise.* **Prerequisites: None**

Wed - 8am-11am
Mar 20 to Apr 3 or 7pm-10pm
Leon Lynch **George Zahariadis**

Learn How to Make Money Using (8wks)

Online Auction Sites

Do you have (maybe valuable) stuff in the basement, attic, garage and/or in a closet? Are you curious about what it may sell for online? Would you like to possibly make some money selling those items? Now is the time to take this class! Many of your co-workers have benefited from the information they have gained in this class. You can make room in your home and make money at the same time. Spouses are welcomed to attend free!

Prerequisites: None

Wed - 8am-10am or 4pm-6pm
Jan 9 to Feb 27 or 6pm-8pm
Leon Lynch **Scott Williams**

◆ Remodel for Less! (1wk)

This class will help you make good decisions for remodeling or investing in your home and help save time and money while doing those updates. Tools and techniques will also be discussed. There will be plenty of time for questions and discussion. If you are thinking about starting a home remodeling project or want to fix up a house to resell or rent, this class will provide some cost-effective methods. Update and save! **Prerequisites: None**

Thu - Apr 4 9:15am-12:15pm or 3:30pm-6:30pm
JobLink **Rich Wold**

◆ Retirement: Making Your Money Last (2wks)

In this workshop, Edward Jones financial adviser Doug Lewis discusses ideas to build a reasonable and sustainable strategy for managing income and expenses during retirement. We'll explore how to address key concerns such as inflation, health care expenses and market volatility as well as ways to prepare in advance for things that may not go as expected. **Prerequisites: None**

Wed- Feb 20 to Feb 27 9am-11am or 3:30pm-5:30pm
JobLink **Doug Lewis**

business

L&O ♦ Taking Stock in Your Life and Finances (6wks)

The intention of this course, is to introduce new-found confidence and understanding of the markets and how they may affect individuals in their financial growth and retirement. The course will teach students how to remove the media noise and biased opinions from the news heard and seen daily. Students will learn to make financial decisions with clearer minds, based on probabilities of success and reduced risk. Students will learn to trade the stock market from very basic concepts to more advanced trading strategies. Students will also learn how to build strong lists of stock and mutual funds. **Prerequisites:** Computer available for viewing classes, in the comfort of the student's home if desired. Each student once registered for class shall submit their email to tomcook1124@gmail.com, in order to be admitted into each live class session.

Tue - Jan 8 to Feb 12 10am-12pm or 4pm-6pm
JobLink Tom Cook

Understanding and Optimizing Your Investment Choices (3wks)

This 18-hour workshop will explain everything you need to know to master your 401k and strengthen your ability to become independently successful in managing your retirement portfolio. In addition to understanding your 401k you will learn very low maintenance, successful investment techniques that historically outperform the market. You will perform in-class exercises where you will learn how to choose the best mutual funds and stocks for your 401K, IRA/Roth IRA and Standard Brokerage Accounts. **Prerequisites: None**

Wed and Thu - 8am-11am
Mar 13 to Mar 28 or 3:30pm-6:30pm

The intention of this course, is to introduce new-found confidence and understanding of the markets and how they may affect individuals in their financial growth and retirement. The course will teach students how to remove the media noise and biased opinions from the news heard and seen daily. Students will learn to make financial decisions with clearer minds, based on probabilities of success and reduced risk. Students will learn to trade the stock market from very basic concepts to more advanced trading strategies. Students will also learn how to build strong lists of stock and mutual funds. **Prerequisites: Computer available for viewing classes, in the comfort of the student's home if desired. Each student once registered for class shall submit their email to tomcook1124@gmail.com, in order to be admitted into each live class session.**

Tue - Jan 8 to Feb 12 10am-12pm or 4pm-6pm
JobLink Tom Cook

TAP Cisco Boot Camp (20wks)

Cisco's CCNA is one of the most recognized and valuable certifications in the industry. You will learn to install, configure, operate, and troubleshoot small and medium-sized networks. In this exclusive course, you will:

- Describe network fundamentals and build simple LANs
- Establish Internet connectivity
- Manage and secure network devices
- Expand small to medium sized networks
- Troubleshoot networks

The hands-on activity component of this class will be conducted in the brand new JobLink data-center networking lab. Come help us install the JobLink data-center and lab. **Prerequisites: Basic computer and Internet knowledge.**

Tue - Jan 22 to Jun 11 9am-12pm
No class Mar 26 or 3pm-6pm
JobLink Bill Needles

Microsoft Excel 2016 - Introduction (4wks)

This class introduces the skills necessary for productive development of workbooks. It includes tasks to explore Excel, create formulas, copy and move data, and print worksheets. The student will also learn how to work with ranges and use the Office assistant, basic workbook skills, and page setup. This class covers basic skills needed to prepare worksheets for publication. It includes tasks to format numbers, text, and cells.

Tue - Feb 12 **9am-12pm or 3pm-6pm**
JobLink **Nancy Arambula**

NEW! Valentine Heart Wreath (1wk)

Let me introduce you to the world of succulent plants! You will forever love them for their beauty, versatility and easy care. We will take these fun, easy-peasy plants and make a living garden in shape of a heart wreath just in time for Valentines Day. **Prerequisites: None**

Wed - Feb 13 **9am-11am or 3pm-5pm**
JobLink **Lee Ann Bultema**

L&O Easy Guitar: Let's Play (12wks) the Blues V3

Let's play the Blues! In the class we'll develop our guitar skills by learning from the music of Jimmy Reed, Muddy Waters, Elmore James and more and discover how the blues have influenced rock bands like the Rolling Stones, Allman Brothers and others. Have fun! Play Guitar!
Prerequisites: Own A Guitar

Mon - Jan 7 to Apr 1 **11am-11:45am or 2pm-2:45pm**
No class Jan 21 **or 3pm-3:45pm**
JobLink **Eric Lambert**

FAA Approved Private Pilot (7wks) Ground School

The Private Pilot Ground School meets the requirement of the FAA to have 25 hrs. of ground training to be able to get a Private Pilot License. This class will meet that requirement. The class will prepare the student to take the FAA Written Knowledge Test which is a requirement of the FAA. The written test can be taken at Eagle Aircraft when the class is completed and the instructor signs the student off to take it. This course requires dedicated home study as well as classroom attendance.

Prerequisites: None

Tue and Thu - Jan 22 to Mar 7 **6pm-8:30pm**
Eagle Aircraft
4001 Murvihill Rd., Valparaiso, IN **Jessica Richardson**

Learn to Play the Piano Level 1 (10wks)

Learning and playing the piano/keyboard can open up an incredible door of creativity for you, as well as a fulfilling life of music making. Learn from an instructor with over 45 years of playing experience and over 30 years of teaching experience. This class will take someone who is new or with little experience, through a solid foundation of music theory and the basics of piano/keyboard playing. This class will also cover and teach you the basic chords along with chord progressions. This class can serve as the beginning of your musical journey. **Prerequisites: None**

Thu - Jan 31 to Apr 11 **No class Mar 14**
First 5 wks: 10am-11:15am or 3:30pm-4:45pm
Last 5 wks: 10am-12:15pm or 3:30pm-5:45pm
Leon Lynch **Frances Zahariadis**

Policy: Dropping a Class

Students requesting to withdraw from a class must notify their career development center at least two business days prior to the start of class. Notifications can be done by email or by phone, but phone messages are not accepted. Your account will be charged for the cost of the class if notification isn't received at least two business days in advance.

Make a Garden Container

(2wks)

The first session you will create your own garden container with a mix of clay-like cement mixture called hypertufa and mold it into a centuries old looking container which are popular in Europe. It will look as though it has endured centuries of weather. The second session we will make a stepping stone to enhance the look of your garden. Bring in a treasure from grandmother, mother or pet such as a tea cup jewelry dish or pet tag that we will incorporate into the stone to commemorate them. Or create your own design. These activities can be a bit messy so wear old clothes. **Prerequisites: None**

Thu - Mar 7 to Mar 14

ALTERNATIVE WORK SCHEDULE? NO PROBLEM!

One of the challenges our members face when trying to take or schedule classes is alternative work schedules, so we are working to find ways to schedule classes that make it possible for those working an AWS to still take classes. Here are some classes that can work for you - check them out!

- George Zahariadis' classes at Leon Lynch start at 8 am or 7 pm (pages 24-26)
- Nick Nash's Flooring Class meets Monday pm OR Friday am (page 7)
- One-day classes (complete list on page 12)
- Live and Online classes (complete list on page 13)

Any ideas of how we can schedule classes to make it easier for you to attend?

We'd love to hear from you! Give us a call:

Chief Flores, Leon Lynch
219-398-9363

Jeff LaBelle, Riverdale
708-392-1083

Marcia Taylor, JobLink
219-399-8134

Every Journey Starts with One Step

fitness

□ Adult Swim Lessons (12wks)

These lessons are designed to teach you water skills while developing mental and physical well-being. All levels of swim lessons promote personal safety, stroke development and personal growth. All lessons will be held at Franciscan Health & Fitness Centers which is located on 221 U.S. Highway 41 in Schererville, Indiana. Participants have access to locker room and showers. Participants must bring their own supplies including towel, swim suit, shampoo, soap and shoes for walking on deck and locker room. Participants can also bring swim cap and goggles for lessons. **Prerequisites: None**

spouse registration

DID YOU KNOW?- In order for a spouse of an active steelworker to take a class, the active Local 1010 or 1011 member must have taken AND completed a class BEFORE the spouse can register. This must be done every year for the spouse to be eligible to take classes at JobLink or Leon Lynch. Only classes with a diamond (◆) next to the title are classes that spouses of active steelworkers are eligible to take. Spouses may begin registering one week prior to the class start date- (see the Winter 2019 R/S List of Classes and Registration Dates on pg. 30 for details). If you are a spouse registering for the first time, you are required to fill out and submit a spouse eligibility form.

REGISTRATION BEGINS

joblink computer

free

◆ Basic C Programming (3wks)

JobLink has its own smart phone app to maintain. You can learn the basics of C programming while applying the knowledge to a real life task. This free class is a great way to be introduced to cell phone app development and C programming, plus you'll be listed as a part of the JobLink app development team. **Prerequisites: None**

Mon - 9am-12pm
Apr 1 to Apr 15 or 3pm-6pm
JobLink Bill Needles

◆ Build Your Own Computer (5wks)

Hand building a computer helps teach the fundamentals of how a computer works and because you built it, you will be better prepared to maintain your new computer. You will work with your instructor to select each component based on your specifications of performance, capacity and budget.

You can build a system for media editing, music, gaming, home theater, Internet surfing or whatever! Build the system of your dreams. Just ask one of the 250+ steelworkers who have already built theirs. Why not build yours this time? (Students will receive a \$50 allowance towards parts purchases.) **Prerequisites: None**

Wed - Feb 20 to Mar 20 9am-12pm or 3pm-6pm
JobLink Bill Needles

Build a Robot (6wks)

WOW! Build a robot in a few easy steps. Everyone can do this. The workings of most robots are really simple. We will learn about the controls and techniques needed and then build an obstacle avoiding wheeled robot in class. A review of Arduino vs Raspberry Pi controllers and a quick lesson on python software and off we go.

Prerequisites: None

Thu - Feb 14 to Mar 21 8:30am-11am or 3pm-5:30pm
JobLink Bill Needles

TAP Cisco Boot Camp (20wks)

Cisco's CCNA is one of the most recognized and valuable certifications in the industry. You will learn to install, configure, operate, and troubleshoot small and medium-sized networks. In this exclusive course, you will:

- Describe network fundamentals and build simple LANs
- Establish Internet connectivity
- Manage and secure network devices
- Expand small to medium sized networks
- Troubleshoot networks.

The hands-on activity component of this class will be conducted in the brand new JobLink data-center networking lab. Come help us install the JobLink data-center and lab. **Prerequisites: Basic Computer and Internet knowledge.**

Tue - Jan 22 to Jun 11 9am-12pm
No class Mar 26 or 3pm-6pm
JobLink Bill Needles

◆ Fix It! (5wks)

Save money and solve problems! Discover the steps needed to diagnose any electronics problem and then make the repairs yourself. Bring your computer, cell phone, TV or other gadgets to class and learn the art of troubleshooting and repairing devices. We will talk in plain language about hardware, software, bugs, viruses, updates and other issues that can drive most users nutty. And we'll take care of common problems such as broken screens. We've got it covered. Take this class instead of spending too much at a repair shop!

Prerequisites: None

Wed - Jan 16 to Feb 13 9am-1pm or 3pm-7pm
JobLink Bill Needles

Laser Engrave (6wks)

Bring your metal, wood, plastic and glass items to this class and learn to laser engrave them with your own custom design, logo or text. Tools, jewelry items, keepsakes and more are all candidates to be laser marked or engraved. What a fun way to learn about laser engraving and benefit from it all at the same time. JobLink has the equipment for you to learn on and use.

Amazon Fire Stick with KODI

(3wks)

Fire TV Stick connects your HDTV to a world of online entertainment. You get a huge selection of movies and TV episodes, and voice search capabilities. In this class we will learn how to install the Kodi app on the Fire Stick to gain access to thousands more streaming selections. The student cost for class is \$30. This must be paid by the student at the first class, if you wish to have a Fire Stick to take home with you, no exceptions. Amazon Fire Sticks will be provided in classroom for those who wish to not purchase system. **Prerequisites: None**

Cut the Cable!

(1wk)

Cable bills busting the budget? You may be missing out on free TV. Using scrap wire with stock lumber, build a slick homemade antenna and stay tuned. We have been able to catch over 30 channels with this antenna you can build in class. Come and build your own digital TV antenna and see what you are able to watch on TV for free rather than paying those monthly cable bills. **Prerequisites: None**

Tue - Jan 15

Google Home Mini

(1wk)

Google announced a smaller companion to its Google Home smart speaker, called the Google Home Mini. The device is very much like Amazon's Echo Dot: it takes Google's voice-controlled Alexa competitor, Google Assistant, and packs it into a smaller, quieter, and less expensive form factor. In this class you will learn how to interact with the Google Home Mini's assistant, play music, get information, control other smart home devices and more. The student cost for class is \$30. This must be paid by the student at the first class, no exceptions.

Prerequisites: None

Wed - Mar 6

Microsoft Excel 2016 - Introduction

(4wks)

This class introduces the skills necessary for productive development of workbooks. It includes tasks to explore Excel, create formulas, copy and move data, and print worksheets. The student will also learn how to work with ranges and use the Office assistant, basic workbook skills, and page setup. This class covers basic skills needed to prepare worksheets for publication. It includes tasks to format numbers, text, and cells. **Prerequisites: None**

Wed - Jan 16 to Feb 6
Leon Lynch

8am-10:30am or 7pm-9:30pm
George Zahariadis

Raspberry Pi Computer with Raspian and KODI

(3wks)

This class will cover the latest Raspberry Pi Model 3 B+ (Newest Edition). The Raspberry Pi is a low cost, credit-card sized computer that plugs into a computer monitor or TV and uses a standard keyboard and mouse. It's capable of doing everything you'd expect a desktop computer to do, from browsing the Internet and playing high-definition video, to making spreadsheets, word-processing, and playing games. This class also covers the LibreElec OS enabling you to run the popular KODI media streaming software and showing you how to stream movies, music, TV, and pictures.

Prerequisites: None

Thu - Feb 21 to Mar 7
Leon Lynch

8am-11am or 7pm-10pm
George Zahariadis

NEW!

Free Over-the-Air Digital TV

(1wk)

You will learn to setup a DVR converter box and record over-the-air antenna stations onto a USB stick. You will be able to record your favorite over-the-air TV shows, schedule series recordings in advance and view recordings while skipping commercials just like a normal DVR for free. No Internet connection needed - just plug box onto antenna and TV and setup recordings by viewing an over-the-air TV guide and view whenever you're ready. Recordings are stored on USB memory stick and allows you to even watch on computer/laptop. You can purchase the DVR converter box for \$20 in class.

Prerequisites: None

Tue - Jan 29
Leon Lynch

8am-10:30am or 7pm-9:30pm
George Zahariadis

We go through great pains to make sure that everything in this catalog is accurate and up to date. However, anything can happen. Please note that class times and dates are subject to change at any time. In the event of a time change, date change, or course cancellation, we will try our best to notify you in advance.

Sublimation Printing

(3wks)

Sublimation printing is the method of applying an image to specially coated hard surface items such as ceramics, metals, fiber board and polyester fabric (even t-shirts!), using three main ingredients: sublimation ink, heat and pressure. In this class you will learn to use software to prepare your photo for the sublimation process and to use the special equipment required for the sublimation coating process. Bring your picture and/or phrase and choose an item such as a mug, a frame, box, or keychain to make as a gift or memento. **Prerequisites: None**

Wed - Feb 13 to Feb 27 **8am-10:30am or 7pm-9:30pm**

OFFSITE

classes at **Burns Harbor**

1275 1/2 McCool Road, Burns Harbor, IN

Heating and Air Conditioning (64wks)

Would you like to learn a new trade? The HVAC industry is the place to do it! With this knowledge you can be a VERY valuable asset to all of your family, friends and neighbors. You will have the ability to earn up to 7 Nationally recognized Certifications. With knowledge and training you can become a HVAC Certified Technician. Learn how to install, repair, and service HVAC equipment in the residential and light commercial fields. Employment of heating, air conditioning, and refrigeration mechanics and installers is projected to grow 14 percent from 2014 to 2024, much faster than the average for all occupations. The HVAC program meets 1 day a week for 64 weeks. Do not miss out on this incredible opportunity.

Next Session: TBA

Contact your learning center for upcoming date (s) and/or to put your name on the waiting list.

Painting with Watercolors (12wks)

Learn how to paint with watercolors and develop your artistic abilities. Beginners and advanced students are welcome. This is a fun, relaxing, hands-on class designed to help you explore your artistic talents and to learn by doing. Basic supplies and a good instructional textbook are provided.

Wed - Feb 27 to May 15 9pm-12pm or 4pm-7pm

Please Note:

Off-Site Class Registration

Students interested in registering for off-site classes, must register through *their* career development center

classes at **US Steel - Midwest**

1919 Willowcreek Rd, Portage, IN

Plumbing (8wks)

This course will help participants learn plumbing skills such as sweat soldering of copper tubing and fitting PVC that will help them for home repairs or remodeling. The class will also cover faucet repairs, toilet tank repairs and plumbing maintenance chores that should be performed on a regular basis in the home. Each participant will receive a plumbing repair book that can be referred to in any future challenges.

Tue - Jan 22 to Mar 12 8am-11am or 3:30pm-6:30pm

Silhouette Vinyl Cutting (5wks)

You will learn how to cut, design and resize vinyl using the Silhouette cutting machine. With that knowledge you will be able to etch on glass, make stencils and cut permanent vinyl for exterior use. Students will learn a new technique in each class to apply to a provided surface for a finished project. You can bring your own projects to work on from home.

Out of your \$2,000 a year customized course allowance, you can only use \$1,250 per year on restricted personal development classes.

Customized Courses

Each participant is limited to \$2,000 annually for courses in this category. These are the classes created by the learning centers specifically for steelworkers. Nearly all of the classes in this category are advertised in our catalogs.

Tuition Assistance Program

The Tuition Assistance Program allows steelworkers to attend colleges and schools of their own choice as long as the schools are accredited institutions of post-secondary education or are recognized by a state board of vocational education. The benefit will pay \$1,800 in tuition assistance.

Issuance 14

Students who have an educational and career goal in mind and need more than \$1,800 yearly to achieve those goals should apply for Issuance 14. If the student has a specific goal in mind, they have to create an educational development plan and apply for the combination of these funds. If approved, a steelworker may be eligible for up to \$3,800 yearly.

Issuance 15

The ICD policy "Issuance 15" allows retirees access to tuition assistance if: That retiree has begun a career goal using TAP, has retired within the last 12 months, and if there is money available from the previous year's tuition assistance budget.

Look for the ♦

If space is available, any class with a diamond (♦) next to the title is a class that Local 1010 and 1011 spouses and retirees are eligible to take. Classes without a diamond (♦) next to it are for active steelworkers only!
